Nearly Two Inches More Rain Falls in Hamlin Area

TWO QUEENS AND A JACK make a good hand any day or night, poker players will tell you. But the trio above were observed by hundreds of Hamlin High School homecomers and others the other night at the coronation ceremonies at the football stadium. Libby Johnson (left) was crowned High School Queen by L. C. Bonds, retiring president of the Hamlin High School Ex-Students Association. Moe James, graduate and long time teacher in the Hamlin schools, was crowned Homecoming Queen. Bonds is shown in the center.

Hamlin Young People Accorded Top Honors at McMurry College Rituals

Two Hamlin young people, both graduates of Hamlin High School, were given top honors Friday in elaborate ceremonies at McMurry College in Abilene.

James Boyd, former star on the Hamlin High School football team and currently co-captain and star halfback on the Indian grid crew, was named Chief McMurry.

Laveta French, 21-year-old blonde who was a popular student in Hamlin High School before her graduation in 1955, was revealed as choice for the Reservation Princess.

Awards Given for Fire Prevention Posters

Awards were given for outstanding Fire Prevention Week posters at an assembly held at Hamlin Junior High School auditorium this week. Kay McCoy was awarded first prize, Diane Bond second prize, and Connie Jo Duncan third prize. Dan Allen Bruner and Linda Hallmark received honorable mention. The posters were required of all art students.

Fire Chief James Josey made the presentations. Two fire prevention films were shown to the student body. Fire prevention material was earlier distributed to each pupil. Fire prevention questionnaires were filled out by each pupil on the home.

Alertness at Nightfall Necessary for Safety on Highways and City Streets

"In traffic as in football, a strong offense is the best defense against traffic hazards!"

This statement was made this week by J. O. Musick, general manager of the Texas Safety Association as he discussed the association's safety-after-dark program which is being conducted throughout October.

"Darkness hides danger," he said. "More accidents occur during early twilight hours and at night than at any other time, because cars, pedestrians, cyclists and stationary objects cannot be seen readily in the dark."

"Light then is the best offensive weapon to use against the enemy—darkness."

Musick said, "Such an offensive would be effective if pedestrians, cyclists and motorists would make sure that they and their vehicles are visible on streets and highways. He advised motorists to follow the following rules for night-time driving:

1. Double check all lights, making certain they are properly focused.
2. Use headlights correctly with

The young pair was recognized in traditional ceremonies in the Radford Memorial building at McMurry College Friday night. Announcement of the winners had been withheld all week, pending the official coronation ceremony, a colorful spectacle during McMurry's annual homecoming celebrations.

Dr. Gordon Bennett, president and Big Chief of the entire McMurry Nation, placed the crown on the new Princess and followed with a spectacular headress to the new Chief McMurry.

Miss French, daughter of Mr. and Mrs. E. D. French of the Tuxedo community, in addition to her latest title, is secretary-treasurer of the Student Council. Boyd, who has been a star football player for the Indians the last two seasons, is senior class representative to the Student Council.

North Side Singing Set at Calvary Church

Regular meeting of the Jones County North Side singing will be held Sunday, October 19, at the Calvary Baptist Church in South Hamlin.

Singing will get underway at 2:00 o'clock in the afternoon. The public is invited to attend and participate in the songfest.

Robb to Preach in First Methodist Revival Meeting

Arrangements are being completed this week for the annual fall revival meeting at the First Methodist Church. The eight-day series of services will begin Sunday morning and continue through Sunday, October 26.

Scheduled to do the preaching is the pastor, Rev. Edmund W. Robb. Rev. Gene Moore, pastor of the Faith Methodist Church, and his wife will be in charge of the musical program. Special choir numbers will be featured, it is announced.

Services during the week will be at 7:00 a. m. and 7:30 p. m. Preceding the morning services hot doughnuts and coffee will be served during the week beginning at 6:30.

Robb announced his sermon topics as follows: Sunday, October 12, "Three Dimensional Christianity" and "Pay Day Some Day;" Monday, "Prayer of Consecration" and "Return of Christ;" Tuesday, "Prayer of Intercession" and "The Lost Ax Head;" Wednesday, "Prayer of Thanksgiving" and "Forgiveness;" Thursday, "Prayer of Submission" and "The Handwriting on the Wall;" Friday, "Prayer of Communion" and "Now;" Saturday evening, "Judgment;" Sunday, October 26, "Heaven" and "What Is Salvation?"

No Saturday morning service will be conducted, it is announced by church leaders.

Lions Club to Conduct Broom Sale Tuesday

Members of Hamlin Lions Club, in their annual sale of brooms and related items made by the blind, will conduct a door-to-door canvass next Tuesday in Hamlin, as well as "peddle" some of the wares in the business district, according to officials of the civic organization.

Net proceeds from the sales, as usual, will go into the local club's fund for aid to children with deficient eyesight and other projects sponsored by the club.

A downtown headquarters for a truck operated by the Lighthouse for the Blind of Fort Worth will be established near the Farmers & Merchants National Bank on Southwest Third Street, where purchases may be made. Austin Siburt has been named sales director by Acting President B. V. Newberry.

Missionary Film Set at Nazarene Church

Feature of the Sunday evening worship service at the Hamlin Nazarene Church will be the showing of a missionary film, "Life to Life," according to Rev. R. T. Jarrell, pastor. The picture will begin at 7:00 o'clock.

Based on the life story of Eli Latham, missionary to Panama City in 1870, the film is interesting and informative. The film was awarded the 1958 dramatics awards for religious films at the third annual Film Festival at Winona Lake, Indiana.

The public is invited to view the picture, members of the Nazarene congregation declare.

More Rat Poison Bait Available from BCD

Another supply of poisoned rat bait has been secured by the Hamlin Board of Community Development for distribution to people of the community without charge. BCD officials announced this week.

The new supply will make a total of 1,000 pounds of the bait that will have been purchased by the civic organization during the past few weeks.

A continuing campaign against rats and mice is being conducted over the county, with some headway being registered against the hordes of rodents.

NEW OFFICERS OF EX STUDENT GROUP—Named officials of the Hamlin High School Ex-Student Association at concluding business sessions at the recent annual homecoming were the following (reading from left to right): Mrs. Odell Murphree, reporter; Mrs. Clyde Lewis, assistant secretary; J. C. Turner Jr., first vice president; Garland Preston, first vice president; W. T. Johnson, treasurer; and Arlie Cassle, president.

Farm Bureau Convention Set Saturday Evening at Anson

W. F. Martin Sets Sunday Contests By Cutting Horses

W. F. Martin, Hamlin rancher, will stage a cutting horse contest for the West Central Texas Cutting Horse Association Saturday at the Hamlin Riding Club arena in North Hamlin, starting at 12:00 o'clock noon.

There will be three classes of cutting horse events: Open cutting, open to all; novice cutting, for horses of the association that have not won over \$500 in prize money; and novice-novice, open to horses and riders who have not won over \$250.

Martin will give a trophy to the first place winners of each class, it is announced.

The Hamlin Riding Club will give away a \$275 saddle at 3:00 o'clock Saturday afternoon at the show. A contest stand will be open for attendees, where lunch can be obtained, officials of the event announce.

EVANGELIST for a series of gospel services beginning Sunday at the Hamlin Church of Christ will be Cleo Scott of Houston (above), former minister of the local church. The meetings will continue through Sunday, October 26, with services being held at 3:00 and 7:30 p. m., according to Austin Siburt, minister.

County Unit to Pass Resolutions For State Meeting

Annual convention of the Jones County Farm Bureau will be held in the Anson High School auditorium Saturday, October 18, at 7:00 o'clock, it is announced this week by C. E. Gregory of Hamlin, president of the organization.

Six new directors will be elected, and county resolutions will be adopted which will guide Farm Bureau in its state and national issues for another year. There will be a financial run-down of the county organization's income and expense.

A number of valuable door prizes will be given to members who are present.

Besides all members of the Farm Bureau, who of course are expected to attend, Gregory explains, the general public is invited to attend the sessions.

"The Farm Bureau is endeavoring to sponsor legislation and other activities that will aid the farmer and rancher," Gregory said, "and we urge others to join the group in its worthwhile endeavors."

Teachers of County Meet at Anson Oct. 20

First meeting of the 1958-59 school term for the Jones County unit of the Texas State Teachers Association will be held Monday evening at 7:30 o'clock in Anson High School auditorium, officials of the group announce this week. The program will honor new teachers in Jones County. Speaker of the evening will be E. L. Galyean, director of the division of research and records of the Texas State Teachers Association.

President of the Jones County teacher unit is Mrs. Joe Breed of Anson.

Revis Robertson New Trustee for Schools

Revis Robertson, well known farmer and rancher living north of town, was appointed member of the Hamlin Independent School District board of trustees when the official group met in business session Tuesday evening.

Robertson was named to fill the unexpired three-year term of Noel (Duck) Weaver of the Nelinda community, who resigned several weeks ago.

Further Delay of Cotton Picking Results from Fall

Another rainy season returned to the Hamlin territory first of the week to dump nearly two inches of unneeded moisture on the area and further slow down the harvest of cotton that already had been hampered for several weeks by drizzles and drenches.

Rains and bad weather had persisted for some time to keep laborers out of the fields last month. The sun broke through the haze 10 days ago to give the farmers a little respite and chance to get in a few licks at the deteriorated cotton. Estimates are that only about 20 per cent of the cotton has been gathered, whereas about 75 per cent of it is ready to be pulled.

Rains Sunday totaled 1.62 inches of moisture registered at the government rain gauge at the city pump station maintained by Bill Rountree, city superintendent. On Tuesday another .03 of an inch was recorded, and the Wednesday morning reading was tabbed at .15 of an inch. The rains measured 1.97 inches for the month.

Total rainfall for the year at the government gauge is 15.82 inches. Normal for this time of year is about 18 inches. Normal precipitation for the year at Hamlin is 22.74 inches.

By months the rainfall at the gauge has measured: January, 1.12 inches; February, 1.05; March, 1.14; April, 2.10; May, 2.10; June, 3.18; July, .56; August, 1.17; September, 3.06; and October, 1.97.

Cleo Scott, Former Minister, to Lead Gospel Services

Good interest is being manifested in the forthcoming series of gospel services scheduled to begin Sunday morning at the Hamlin Church of Christ, according to Austin Siburt, minister.

Evangelist for the series of meetings will be Cleo Scott of Houston, minister of the local church in 1946 and 1947. This was his first full time church, he having come from the superintendent of school at Haskell to accept the call of the local congregation.

Scott has announced his topics for the week at the evening services as follows, in the order of their listing: "An Ideal Audience," "If I Had Only One Sermon to Preach," "Factors in Salvation," "Can One Be Saved Out of the Church?," "A Great Change," "If and Why," "The Destiny of the Church" and "Reaction to Preaching."

Rodney Spaulding, son of Mr. and Mrs. R. D. Spaulding of Hamlin and a Bible major at Abilene Christian College, will direct the singing during the meeting.

ATTEND MARKET.

Mrs. S. D. McMahon and Mrs. Carl Young attended market in Dallas last week-end and visited with Mr. and Mrs. L. S. Sparks in Fort Worth. They returned to Hamlin Monday afternoon.

Who's New This Week

Two new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both young men, they are:

A boy for Mr. and Mrs. Gene Westmoreland arrived October 7. Weighing a light six pounds eight ounces, the youngster will answer to John Bentley.

A boy for Mr. and Mrs. Joe Rimes of Aspermont was born October 11. He will be known as Michael Don. His weight was not listed by the hospital.

CLUB TRAINING MEANS MUCH TO YOUTH OF U.S.

For many years Texas and Jones County have been proud of the work of their youths in 4-H Club, Future Farmers of America and Future Homemakers of America groups. These activities have been maintained on a high level of efficiency in this area—through the schools and through the work of county agent and county home demonstration agent functions.

Projects promoted by the Jones County extension service agents have made better farmers, ranchers and homemakers out of many scores of people through the past several years. Work of the county agent with 4-H Club boys has helped to give the boys practical knowledge of acceptable farming and ranching methods, inculcating skills of soil conservation, record keeping, use of pure breeding principles in livestock raising, use of good seed for planting and many other practical points that help to make better farmers out of the coming generation.

Work of the county home demonstration agents with 4-H Club girls likewise has been beneficial in sponsoring scientific facts and methods of housekeeping, sewing, planning

meals, using workable budgets and otherwise preparing the young women for better living in the years ahead of them.

Vocational training among the schools of the area also has gone a long way toward getting boys and girls started off on practical, worthwhile living.

Classes of homemaking in the major schools of the area are of inestimable value to the future homemakers. Pointers on housekeeping, sewing, cooking, budgeting family income and numerous other phases of homemaking are offered to students taking homemaking. Homemaking laboratories in the schools include model rooms outfitted with appliances and furnishings to be found in the average home, where day-to-day training in family atmosphere is provided.

Work of the Future Farmers of America in this territory is traditional. Boys are given training in farming, ranching, livestock and poultry raising and related subjects by competent instructors with practical knowledge and experience. Record keeping on projects provides ideal training that will be used by the boys when they reach manhood.

Some Teen-Age Wisdom

America's teen-agers seem to break into the news only with hair-raising stories of juvenile delinquency. But not long ago 53 teen-agers from all parts of the country, representing 34 national organizations, met to advise their elders on questions of public health.

This was not brassiness on their part. The National Foundation for Infantile Paralysis had summoned them to find out why teen-agers—one of the most polio susceptible groups—had put off getting their Salk vaccinations. Nearly half the U. S. population under 20 either has no vaccination at all or has not completed the full series of shots. Why?

Note the reasons given by the teen-agers themselves—and note, too, that none of these reasons is valid: Polio is way down, so why bother? Sheer laziness or indifference. Fear of the needle. Thought it was an infant's disease and "couldn't happen to me." Didn't know that "somebody else's vaccination does not protect you."

As for ways to bring vaccination to teen-agers, here are some nuggets of sound teen-age wisdom—proof that hot rods, rock 'n roll and TV are not all they think about: "Scare the parents off of them." Make vaccination a 'fad' like wearing white buckskin shoes or Cul Brynner haircuts. Direct information especially to teen-agers, since they consider themselves a special group, neither children nor adults. Persuade parents of the necessity for vaccination, since teen-agers are swayed by the actions of their parents.

If you have teen-age children, set them a good example by getting your own Salk shots. Then see that they get theirs. This year, for the first time, there is vaccine enough for everybody, regardless of age.

We're Writing History

All things are engaged in writing their history. The planet, the pebble, goes attended by its shadow. The rolling rock leaves its scratch on the mountain side; the river, its channel in the soil; the animal, its bones in the stratum; the fern and leaf, their modest epitaph in the coal. The falling drop makes its sculpture in the sand or the stone. Not a foot steps into the snow or along the ground but prints in characters more or less lasting a map of its march.

Every act of man inscribes itself in the memory of his fellows, and in his own manners and face. The air is full of sounds, the sky of tokens, the ground is all memoranda and signatures, and every object covered over with hints which speak to the intelligent—Ralph Waldo Emerson.

Buying Now Not Patriotic

The American consumer has no "patriotic duty" to buy now in order to pull the country out of the recession, according to editors of Changing Times, the Kiplinger magazine.

In a copyrighted article, "What to Do About This Recession," the editors advise their readers against buying as a patriotic duty to help business. "The freedom to buy or not to buy is what corrects excesses of production, pricing and so on. If consumers were to buy as a patriotic duty they would throw away the one advantage they have in the tug of war that is the market place," the editors say.

"Most businessmen are holding back on purchases, waiting for lower prices. The auto companies, for example, are buying steel hand-to-mouth. One department store manager told reporters: 'We are playing it closer to the chest on all our buying this year.'"

Buy with an eye to your needs and carefully weigh price and quality. In so doing you will be emulating the most prudent businessmen themselves, the magazine advises.

Editorial of the Week

OUR HERITAGE—AND THE WORLD'S

The United States still is thought of as a "new country" in many lands. And it is true that our history does not extend back into the dim dawn of time. But in one sense, we are an "old country." For ours is the oldest constitutional democratic government on earth. Even Switzerland, with its long history of democracy, lives under a constitution written in 1874.

After adoption of a declaration of independence, our nation had a war to win. And having won it, the foremost brains we could muster were put to work to design the constitution upon which the new nation would base its concepts of life under law, and of every man's rights in a free society.

Today that document still stands the test of so-called "modern living," because the concepts of law and rights are as important now as they ever were. And that document has been the inspiration of peoples in many lands, and the envy of peoples who must live without such protection.

Our declaration of independence is meaningful because it was followed by action. A war was fought and won. A government was charted and built. Without these actions the declaration would have become an obscure footnote to history.

It is well to bear this in mind today, for the independence it declared will be ours only so long as we are willing to take action and protect it.—The Giddings Star.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

In scanning the files of Your Home Town Paper, we find the following news briefs, taken from the issue of The Hamlin Herald dated October 19, 1938:

Nobles Brothers & Wood Company, Inc., advertises these prices: Ladies' house dresses, 89 cents; one lot of men's pants, 95 cents; gingham, 19 cents yard.

Hamlin Pled Pipers lost a hard fought football game last Friday to the Stamford Bulldogs by a 27 to 0 score. Coach O. D. Roland said the more experienced Stamford boys were just too much for the Pled Pipers.

Many Hamlin residents this week had their first practical experience with natural gas for heating as a cold snap visited the area. The gas was piped to the city recently.

The home of Mr. and Mrs. Mack Blackwell, formerly known as the Proctor home, was practically destroyed by fire Monday night. Tuesday morning the Pioneer Gin was damaged by a fire that was controlled by the fire department. Cecil B. DeMille's "King of Kings" picture will be featured next week at the Mutual Theater in Hamlin.

TWENTY YEARS AGO.

From the files of The Hamlin Herald dated October 14, 1938, the following news briefs of 20 years ago are reproduced:

A. H. (Dock) Humphrey, former Hamlin citizen who recently has been living at Seagraves, was killed Monday night in an auto wreck three miles east of Seagraves. The Humphrey car, a Cadillac, collided with a Chevrolet owned by two girls, 17 and 19. Lucille Newsom, student at McMurry College in Abilene, was a week-end visitor with her parents, Mr. and Mrs. W. E. Newsom.

Charles Prater, student at John Tarleton College at Stephenville, spent the week-end with his parents, Mr. and Mrs. C. C. Prater.

Mayor Joe Culbertson and Congressman Clyde Garrett of Eastland flew to Washington, D. C., first of the week to call at the National WPA offices in connection with the government grant for improvement of the Hamlin city water facilities.

Carroll Benson, teacher and assistant coach at Merkel High School, visited his parents, Mr. and Mrs. W. E. Benson, Saturday and Sunday.

TEN YEARS AGO.

Events in the Hamlin community 10 years ago included the following, reprinted from the issue of The Hamlin Herald dated October 15, 1948:

A new board of directors was named Sunday afternoon at a city mass meeting for the Hamlin Memorial Hospital, which will try to pull the institution out of its financial plight. A vote of thanks to Bowen Pope, organizer and former business manager, was given by the group of citizens attending the gathering.

H. C. Stanley, Jones County farm agent for the past three years, has resigned to accept a similar position in Taylor County.

Bill Todd of Fort Worth, Rotary Club district governor, was a visitor and speaker at the Hamlin club Wednesday at noon.

FIVE YEARS AGO.

Goings-on in the Hamlin community are reflected in the following news briefs, taken from issue of The Hamlin Herald dated October 16, 1953:

Ray V. Kiphart, 45-year-old oil man of Borger, was killed when his car struck a bridge about six miles south of Hamlin early Sunday morning.

Telephones at McCauley will switch to the new dial system Saturday.

Clean-up and re-designing of the City Park shows great improvement since the clean-up campaign last Thursday under sponsorship of the Hamlin Business and Professional Women's Club.

Ample supply of cotton pickers for the Hamlin area is available. J. E. Patterson has been named chairman of a city-wide health group to improve health conditions of the city as pointed out last week by officials from the Texas Health Department.

ONE YEAR AGO.

News bits from The Hamlin Herald dated October 16, 1957, include the following:

With four victories out of five football games this season, the Hamlin High School Pled Pipers are resting this week. They meet Albany next Friday night.

Announcement was made this week of the forthcoming marriage of James Linn of Hamlin to Janis Jackson of Sipe Springs.

Two-Day Fort Worth Stocker-Feeder Sale-Show to Feature A. & M. Teams

Beef Cattle Specialist J. K. Riggs of Texas A. & M. College and coaches of the judging teams, will lead a group of young men from the cattle judging teams of the school to Fort Worth October 16 and 17 to select top entries in the show and sale. It marks the first time a major college team, including students, has served in such a capacity at a major livestock fixture, such as the annual October stocker-feeder event at Fort Worth, points out Ted Gouldy, special market report for The Herald, in his weekly release.

Dr. O. D. Butler, head of the animal husbandry department at A. & M., reported Monday the members of the team would be selected and announced Tuesday morning.

The team was invited to participate in the show and sale by the Fort Worth Livestock Market Institute, sponsors of the livestock event. Some 3,000 high grade stocker and feeder calves and yearlings will enter the all-breed affair, with a complete show and sale each day.

Slaughter classes of cattle and calves were slow and weak, except bulls which were fully steady. Very few fed cattle arrived, and these were slow to clear in the face of weaker bids. Cows were also slow and weak, most sales falling in line with the low side of last week's low close. Slaughter calves ruled about steady with sales at the close last week.

Lightweight stocker cattle and calves were steady, but heavier and fleshier stockers and feeders were again dull and weak and in line with last week's sharp declines in those types.

Good and choice slaughter steers and yearlings cashed at \$23.50 to \$27, the higher figure for some baby beef lightweight yearlings. Common and medium sorts sold from \$17 to \$23. Fat cows drew \$18 to \$21, and canners and cutters drew \$12 to \$18. Bulls sold from \$15 to \$22.50, one load at \$23.

Good and choice slaughter calves cashed at \$23.50 to \$26.50, a few to \$27 sparingly. Common and medium sorts sold from \$17

to \$23, and culls sold around \$15 to \$17. Good and choice light weight calves sold from \$27 to \$33, those at \$33 scaling about 250 pounds and some over 400-pound steer calves at \$32. Stocker steer yearlings bulked at \$28 downward, and fleshy feeder steers bulked at \$24.50 downward. A few stocker cows cashed in the \$18 to \$22 bracket.

Additional weakness in swine prices were recorded at the start of the week at major markets over the country as heavy offerings were again reported around the major marketing circle.

Butcher hogs and packing sows were 25 to 50 cents lower at Fort Worth Monday, and similar price declines were tabulated at most major market terminals around the country. Choice butcher hogs topped at \$18 and \$19.25, while the medium to good sorts sold from \$17.50 to \$19. Packing sows sold around \$17 to \$18.25.

Sheep and goats were steady at Fort Worth Monday. Good and choice slaughter lambs sold from \$20 to \$22, and stocker and feeders lambs cashed at \$18 to \$20, and good lightweight were scarce. Slaughter yearlings sold around \$19 down, and old wethers cashed at \$14 downward. Slaughter ewes drew \$7.50 to \$8, and slaughter goats sold from \$7 to \$8. A few stocker goats sold for \$10, and a few breeding ewes sold for \$10 to \$15.

Rubber stamps made to order at The Herald. Phone 241.

Social Security Man To Be Here Oct. 24

Hamlin area residents are advised that a representative of the Abilene office of the Social Security Administration will be in Hamlin next Friday, October 24, at the fire station, beginning at 10:00 a. m., where he may be contacted for information about any phase of the social security program.

Subsequent visits will be made to Hamlin on November 21 and December 19, it is announced.

Ray Smith Opening TV Shop in Hamlin

Quality TV sales and service will be open for business Friday in Hamlin at 132 North Central Avenue, next door to King's Insurance Agency, it is announced this week.

The shop is equipped with modern testing equipment, specializing in TV repair, custom high fidelity installation and various other phases of the electronics field. The shop owner and operator is Ray Smith.

Program Building Committee Plans 4-H Club Projects

The Jones County 4-H Club program building committee met in the county extension agents' office at Anson Monday evening to discuss the 4-H Club program for the coming year.

Chairman Birger Haterius of the Ericksdahl community called the meeting to order at 7:30 p. m. and the group outlined the following program for the coming year: County and district livestock shows, food sale, share-the-fun festival, county and district elimination contests, county and district 4-H Club camps, record book training workshops, county and district dress revues, West Texas Fair at Abilene, achievement banquet, Christmas party in December, plus the regularly scheduled 4-H Club meetings and 4-H Council meetings. The group also suggested that the unit have a booth exhibit at the Abilene fair next fall.

The 4-H adult leaders volunteered to help the county extension agent with the next rat demonstration campaigns in December.

Those attending the Monday night meeting were Birger Haterius, chairman; Judy Simmons, secretary; Mrs. Woodrow Simmons, Woodrow Bagley, Ronnie Bagley, Mrs. Eben Shuquist, Barbara and Marvene Shuquist, Mrs. R. C. Huber, Mrs. Mary Newberry and Kirby Clayton.

BOAT FROM FLOOD RESCUE BOAT (shown car) arrives at door of an automobile agency in downtown Fort Worth to assist employees to leave after flash flood hit the area. A six-inch rain that fell in an hour was also responsible for the death of two women trapped in their car in an underpass.

Crime Records Show Improvement in Crime for Texas as Whole Recently

While petty crimes in Central West Texas, including the Hamlin section, have received attention of law enforcement officers in recent weeks, increasing crime in Texas as a whole showed some signs of improvement in a report released this week to The Herald by the Texas Department of Public Safety.

Crime statistics released by Joel Tisdale, chief of identification and criminal records, showed that crime in all categories during the first six months of 1958 increased 7.2 per cent. This figure, however, was not as great as the 9.5 per cent increase reported for the similar period last year.

Noticeable decreases in this years report were shown in the

categories of auto theft, rape and murder and homicide. Auto theft was down 5.1 per cent, while last year it showed a 26.8 per cent increase. Murder and homicide decreased 12.7 per cent during the first six months of 1958; in the same period in 1957 that classification of crime was up 22.7 per cent. And the 1958 report on rape was a decrease of 24.6 per cent in comparison with a 2 per cent increase in 1957.

Tisdale said both the urban and rural figures show increases this year, but that crimes in urban areas were not increasing as rapidly as previously experienced. Urban major crimes were up 8.4 per cent; rural crimes increased only one per cent.

Most classifications of crimes against property in the new report showed increases. The rise in burglary was 14.1 per cent; robbery 14 per cent, and theft 7.3 per cent. Aggravated assault, classified as crime against the person, increased 1.1 per cent.

Juvenile crime during January through June continued its strong upward climb with 52,871 total arrests of persons 20 years old or younger who were charged with a major crime. Chief Tisdale explained that this figure was not all-inclusive in that many juveniles were not finger-printed, especially those arrested for misdemeanor offenses. His report on juvenile crime was based on finger-print cards received by the department.

In the first six months of last year 49,840 persons 20 years old or younger were arrested on felony charges. The ages of 17 through 20 received the most arrests.

Complete Styling Transformation Is Made by Chevrolet

A complete styling transformation, along with more safety, comfort and performance, was announced this week for the 1959 Chevrolet passenger car line.

The cars, which are being displayed at nation-wide dealer showings Thursday, October 16, represent one of the most imaginative designs ever to come from the automobile industry. Carl Murrell Chevrolet Company is exhibiting the cars in Hamlin.

In shape, and in detail the new styling reflects the influence of a space conscious age. Lines sweep rearward in a virtually level plane. Tops are flatter and visibility is dramatically increased.

Appreciably lower, the overall appearance of fleetness is further conveyed by an adroitly sculptured frontal area. At the rear horizontal wings branch out from the center of the deck in a simulation of mobility that might have been conceived on the sands of Cape Canaveral.

While the unusual appearance will draw instant admiration, Chevrolet has not neglected other phases of engineering in its bid to continue the sales popularity registered by the company in 1958.

Here are some of the 1959 mechanical highlights: A new six-cylinder engine, named the hi-thrift because of added economy; coil spring suspension, incorporating specialized controls; larger braking surfaces; a turbo-glide transmission of advanced design; easier steering and inclusion of a second, shock resistant universal joint.

Freight Carloadings For Santa Fe Still Up

Freight carloadings for the Santa Fe Railway System for the week ending October 4, 1958, were 26,265 compared with 24,917 for the same week a year ago, reflecting a continuing gain over last year. Cars received from connections totaled 12,273 compared with 12,795 for the same week in 1957.

Total cars moved were 38,538 compared with 37,712 for the same week a year ago. Santa Fe handled a total of 38,925 cars in the preceding week this year.

CHEVROLET AGAIN OFFERS the popular Bel Air series for 1959. This model maintains its reputation for stylish interiors and appointments, with increased passenger room and additional visibility in new compound curved windshields and larger rear windows. New grille and lowered headlamps accent the front end. Both two-door and four-door sedans incorporate the venturesome new design features, plus improved brakes, suspension system and handling advancements. All 1959 Chevrolets feature a new acrylic lacquer finish said to retain brightness for years. The new cars went on display Tuesday at the Carl Murrell Chevrolet Company in Hamlin and at dealers all over the country.

Lamar C. Hayes, Ex-Railroad Man, Interred Sunday

Funeral services for Lamar C. Hayes, 61-year-old Hamlin area farmer and former railroad man, were conducted Sunday afternoon at 3:00 o'clock at the First Methodist Church in Hamlin. Officiating were Rev. Edmund W. Robb, pastor, and Rev. Gene Moore, pastor of Faith Methodist Church.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Raleigh Bond, Robert Rangel, Ralph Riddle, Connie Drake, Charlie Carter and Edgar Duncan.

Hayes died last Thursday afternoon at the Hamlin Memorial Hospital, following a four-day illness.

Born August 2, 1897, at Whitney, Hayes was the son of Mr. and Mrs. Jesse B. Hayes. He worked for 15 years with the Santa Fe Railway System before going to the farm. He was a member of Faith Methodist Church.

He is survived by one daughter, Mrs. Christine West of O'Fallon, Illinois; five sisters, Miss Minnie Hayes, Mrs. W. L. Hunter, Mrs. Joe Bonds and Mrs. Grover Smith of Hamlin and Mrs. Matt Motes of Santa Ana, California; and three grandchildren.

Shapes of Traffic Signs Should Help to Warn of Dangers

"What is the shape of the traffic stop sign?"

A surprising number of drivers do not know the answer to that question, according to J. O. Musick of Austin, general manager of the Texas Safety Association. He pointed out that many drivers who have been driving for years do not know that traffic signs have easily identifiable shapes.

"Some drivers memorize the shapes for their driving tests, but soon forget their meaning," Musick said, "but a driver, as an added safety measure, should retain the ability to recognize the types of traffic signs by their shape."

Musick listed the six basic sign shapes as being: Octagon, which means stop; round, first railroad crossing warning; white cross-buck, last railroad warning; diamond, warning of dangerous or unusual conditions ahead; triangle, yield right-of-way; and rectangle, which states such laws as speed limits, passing regulations and similar laws.

Musick emphasized that we should all remember that traffic signs are designed to warn both motorists and pedestrians of traffic laws and of dangers that lie ahead. Thus, offering preventive measures for the protection of all.

Two Hamlin Youths Enlist for Army Stint

Richie Smith, son of Mr. and Mrs. I. W. Smith of Hamlin, and Jim R. Stinnett, son of Jim Stinnett of Radium community, enlisted last week-end for the regular Army for a period of three years, according to the recruiting officer of Abilene.

The young men left Monday for Fort Carson, Colorado, where they will receive their first eight weeks of basic training. They will then be home on leave for about two weeks.

Both Richie and Jim have chosen a school under the "reserved for you" program. Richie chose administration, and Jim electronics.

CATCH ALL.

Tommy rushed in from playing with the boy next door. He looked worried, and said, "I'm sure I'll catch it, an' be awful sick!"

"Catch what?" asked his mother interestingly. "I just heard Jimmy's mother tell his daddy that Jimmy had a crony. I'm sure I haven't been vaccinated for that, have I, now mother?"

Attendance Drops at City's Sunday Schools As Weather Acts Up

As many Sunday School attendants are prone to let the weather easily discourage them from getting out, the rains of last Sunday morning caused a big drop in the attendance at Sunday Schools of Hamlin churches. The 1,036 total was 262 less than the previous week's 1,302 and 161 less than the year ago total.

Attendance, by churches, for October 12, October 5 and a year ago follows:

Churches—	Oct. 12	Oct. 5	Year Ago

Business and Professional Women's Club Tea Honors Officials from State

Hamlin Business and Professional Women's Club entertained with a tea last Thursday evening during National Business Women's Week in the home of Mrs. Tom Teague. The tea honored state, district and local officers, past presidents and new members.

Mrs. Ed Bailey opened the door, and Mrs. Tom Teague greeted the guests. Guests were introduced to the following officers: Mrs. John Howard Jr., president; Mrs. E. M. Wilson, past president and past district director; Avis Deavers of Merkel, Texas state recording secretary; Zaida Brown of Snyder, past district director; Jo Riddle, vice president and past president; Mrs. Vera Nobles, past president; Mrs. Florence McCollum, recording secretary; Mrs. Florence Cowan, treasurer; and Mrs. Terry Haight of Abilene, past president.

Mrs. Joe McCrary presented a record music throughout the tea hour. Guests were directed to a beautifully appointed tea table, laid with an imported linen cut-work cloth and two identical crystal punch bowls. The centerpiece was an artistic arrangement of white carnations and greenery sprayed gold encircling the club emblem, NIKI. Several attractive dried arrangements were in various rooms, along with other attractive flowers.

Members who poured punch were Mrs. A. A. Hackley, Mrs. Hollis Madden, Mrs. A. A. Wade and Mrs. Frank Bayouth.

New members of the club are Adele Dixon, Mrs. James E. Harrison, Mrs. Melvin Scott, Mrs. Ethel Allen, Mrs. Bill Davis, Mrs. Willard Jones, Mrs. Gene Moore, and each of them was presented a pink carnation corsage, compliments of Lennie Greenway.

The den of the Teague home was the scene for the presentation of the new members by Mrs. D. W. Stell and Mrs. Earl Brown.

Seventy-five guests were registered in the club's guest book by Mrs. J. B. Terrell, Mrs. M. H. Bond and Mrs. Earl Brown.

Other club members in the house party were Oleta Avants, Viola Avants, Nettie Bowen, Mrs. W. C. Hargrove, Mrs. S. D. McMahon, Mrs. R. D. Moore, Mrs. C. C. Prater and Mrs. Mildred Young.

Good-byes were said by Pearl Hudson and Maggie Seymore.

Naomi Class Installs New Year's Officers At Friday Gathering

New officers for the ensuing church year were installed when members of the Naomi Sunday School Class of the First Baptist Church met Friday morning at 10:00 o'clock at the church.

Mrs. Vincie Walton is teacher of the group. Mmes. Ruth Hallmark and Ola Waymire were hostesses for the meeting.

Class President Mrs. J. C. Lain presided. Mrs. Lurline Young opened the session with prayer.

New officers installed were: Mrs. Ola Waymire, president; Mrs. Lillian Green, vice president; Mrs. Leona Carter, secretary; Mrs. Pearl Ramby, assistant secretary; Mrs. Lurline Young, assistant teacher; Mrs. Billie Goodman, calendar girl and sympathy cards; Mmes. Betty Miller, Ruth Hallmark, Ruby Pemberton and Lela Lain, group leaders. Mrs. Walton presided at the officer installation.

Coffee, cocoa and cake were served to attendees. Mrs. Leona Carter offered the closing prayer.

Mrs. Loy Fry Hosts Class Group Meeting

Recently Mrs. Loy Fry was hostess to members of the Prebian Sunday School Class of the First Baptist Church.

As guests arrived the hostess served pie and coffee.

New officers for the ensuing church year were installed by Mrs. Leslie Shelburne, guest of the class. A candlelight service was used as the following officers were officially inducted: Mrs. Fred Young, president; Mrs. S. C. Ballew, vice president; Mrs. Elmer Brewer, secretary; Mrs. R. C. Ritchey, assistant secretary; and Mrs. C. L. Meyner, Mrs. D. A. Brown and Mrs. Loy Fry, group captains.

tered, along with the two honorees, Miss Deavers and Miss Brown, were Mrs. Lorene Griffin of Abilene, daughter of the hostess Mrs. Teague; Mrs. Mary Gay, Mrs. Ona High and Mrs. Ophelia Reid of Stamford; Mrs. Terry Haight and Mrs. Lucille Snow of Abilene.

Officers Installed by Friends Class Group At Monthly Meeting

Members of the Friends Sunday School Class of the First Baptist Church had their monthly social in the home of Mrs. Bonnie Bingham.

Mrs. Everett Gibson said the opening prayer. Officers for the ensuing church year were installed by Mrs. L. B. Shelburne, and this was done in the form of a candlelight service and with a film shown on the duty of each officer. The officers installed were: Mrs. Noel Weaver, president; Mrs. W. W. Fletcher, vice president; Mrs. Ernest Lee, secretary and treasurer; Mrs. Bonnie Bingham, assistant secretary; Mrs. W. C. Hargrove and Mrs. Clyde Grice, group captains; Mrs. A. Spencer teacher; Mrs. Jack Wright, assistant teacher. The meeting was closed with a prayer by Mrs. A. Spencer.

Coffee and pie were served to Mmes. W. C. Hargrove, Milton Smith, Clyde Grice, Noel Weaver, I. B. Miller, Ernest Lee, Ernest Gibson, Ben Parker, Jack Wright, A. Spencer, W. W. Fletcher and L. B. Shelburne.

Garden Club Meets In Williams Home For Friday Program

Garden Club members enjoyed meeting in the new home of Mrs. L. B. Williams last Friday afternoon.

Mrs. Clyde Grice was leader for the program. Mrs. F. B. Moore brought an interesting discussion on "Landscaping the Public Area." An outstanding thought was "Our front yard belongs to the public, and we should make it a pleasant frame for our home."

Mrs. Joe League told the group how to start and grow the perfect lawn. Much planning and work go into making a pretty lawn, she declared. Also Mrs. League had a lovely dried arrangement she had made from things gathered from two or three golf courses in East Texas, but to her represented a lot of fun.

Garden Club members are looking forward to the November meeting when Mrs. W. J. Bryant of Stamford will give a demonstration on flower arranging.

Bette June Teague to Marry Joe League Jr.

Mr. and Mrs. S. A. Teague of Hamlin are announcing the engagement and approaching marriage of their daughter, Bette June, to Joe Charles League, son of Mr. and Mrs. Joe L. League of Hamlin.

Bette is a 1958 graduate of Hamlin High School and has completed a manicurist course at Abilene Beauty College.

Her fiancé is a 1955 graduate of Hamlin High School. He attended Texas Technological College at Lubbock and the University of Houston. He is now employed by the Gulf Oil Corporation sales division in Houston.

The couple plans to be married on Sunday, November 30.

Lela Gilbert and Jimmy Spencer Says Wedding Vows in Rites at Lubbock

Lela Gilbert and James T. (Jimmy) Spencer repeated wedding vows Saturday afternoon at 3:00 o'clock in double ring ceremonies at the College Avenue Baptist Church parsonage in Lubbock. Pastor of the church, Dr. Lawrence Hayes, performed the rites. The bride is the daughter of Mr.

and Mrs. Noah Barrett of Happy, and parents of the groom are Mr. and Mrs. A. Spencer of Hamlin.

Maid-of-honor was Mary Miller, friend of the bride. Best man was Lavelle Phifer of Lubbock.

The bride attended schools at Happy. She has been employed by the Texas Tech College book store at Lubbock. Young Spencer, a graduate of Hamlin High School, received his degree from Texas Tech. He is a private accountant, being employed by the Caprock Stone Company at Lubbock.

After a brief wedding trip the newlyweds are at home at 2317 Twenty-Seventh Street in Lubbock.

Mr. and Mrs. A. Spencer from Hamlin attended the Saturday afternoon rituals.

Fifth Grade Camp Fire Girls Pick O-Ki-Hi As Name for Group

Fifth grade Camp Fire Girls met last Thursday afternoon in their first meeting of the new year. They selected the name O-Ki-Hi for their Indian group name, which means "Able to Accomplish."

The following officers were elected: Judy Jenkins, president; Glenda Hudspeth, vice president; Jane Fincannon, secretary; Dana Carmichael, treasurer; Cynthia Stevens, scribe.

A calendar of the year's activities was presented. The group decided to maintain the Parent-Teacher nursery once a month.

Next meet was to be a hike hike to the West Hamlin Lake on October 9. A trail-side lunch was to feature the hike, being a requirement for the Trail Seekers rank.

Girls of the O-Ki-Hi group are Kay Hodnett, Jeanette Goolsby, Janice McCracken, Jan Albritton, Linda Legan, Dana Carmichael, Cynthia Stevens, Jane Ferguson, Glenda Spe Hudspeth, Julia Robb, Pamela Austin, Joann Harbert, Sherilyn Witt, Judy Jenkins, Quila Kelly, Margie Young, Heler Hastings and Erma Hines.

The guardians are Mrs. Joe Hudspeth, Mrs. F. C. Legan and Mrs. John D. Ferguson. Sponsors are Mrs. Bill Harbert and the hosts, Sai Carmichael.

Xi Gamma Phi Meets In E. D. Perrin Home

Members of Xi Gamma Phi Sorority met last Thursday in the home of Mrs. E. D. Perrin.

Mrs. Helly Toler gave an interesting program on the sense of touch. Mrs. Arlie Cassle gave a report from the Woman's Forum meeting.

Refreshments were served to the following: Mmes. Weldon Carlton, John C. Bryant, George Poe, Weldon Griggs, M. L. Smith, Arlie Cassle, Gerald Young, Earl Smith, M. T. Johnson, Bill Feagan, Jerry

CONFUSING.

Dana—"Why is your car painted red on one side and green on the other?"

Rickey—"It helps when I bump into someone's fender. You should hear the witness contradict each other!"

Look for our Saturday specials. —McMahon Jewelry Company, Inc.

Waggoner, E. J. Hawkins, Holly Toler and the hostess.

Next meeting of the group will be October 23 in the home of Mrs. Weldon Carlton.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—Info and out of the state Supreme Court flow many of the most controversial issues of the day. Public officials, large corporations and important persons often are involved in the cases, and the lives of many less celebrated persons frequently are affected by the decisions.

After a two-month summer recess the high court reconvened this month and waded into a stack of disputes. Among interesting cases either decided or due to be decided are these:

Water rights are involved in a case filed by Southern Canal

Company of Houston against the State Water Board. Southern Canal wanted a permit to take 280,110 acre feet of water per year from the Trinity River for industrial use in the Houston area. The water board refused the request, and the company appealed to the courts.

Upstream cities such as Dallas and Fort Worth had opposed the Houston company's request when it was before the board. Oral arguments were centered on whether the courts have the right to review water board decisions. Supreme Court's ruling will have implications for every person interested in the course of Texas water development.

Keeping roomers and setting up a church in a residential area were the cause of contention in two cases from Houston. In both cases certain property owners in university neighborhoods argued that other property owners were violating deed restrictions.

Lower courts ruled in favor of the room renters and church builders. Supreme Court agreed to review the roomers' case and denied a motion to force the lower court judge to move the student religious center.

Safe Car Driving Is Personal, Expert Advises Students

Safe driving must be made a personal habit of every motorist if the slaughter on America's highways is to be curbed, Vernon Gayle, safety director of the Texas Farm Bureau safety department, declared this week as he spoke prior to conducting driving tests at Hamlin High School.

"Excessive speed is the greatest single cause of automobile accidents," Gayle said. In the demonstration which followed he pointed out the conditions under which even 20, 30 or 40 miles per hour can be excessive. Gayle added: "When drivers know the true facts and base their driving on those facts, highway accidents will drop sharply."

Students and teachers took part in the tests which were conducted in a specially equipped car. The test driver was signalled to stop by an electrically controlled detonator. As the shell was fired, the street was marked with yellow paint. A second bullet was fired as brakes were applied, and a third after the car came to a complete stop. Distances between the spots were carefully measured to determine in feet and inches how far the car traveled before the driver applied the brakes, or the reaction distance, and how far it traveled after the brakes were applied, or the braking distance.

Gayle emphasized the fact that a driver who observes the speed laws carefully is not a safe driver if he neglects many other items such as proper signalling for turns, approaching an intersection in the proper lane for a turn, and many other things which he demonstrated in the test car.

The safety demonstration was brought to Hamlin High School under the sponsorship of the Jones County Farm Bureau, and is part of a long range program of traffic safety now being conducted by the Texas Farm Bureau safety department.

Better Traveling Ahead.—Holding promise of better traveling days ahead is the 1961-62 interstate advance planning program announced by the State Highway Commission.

Commission authorized the preliminary engineering studies for 285 miles of new interstate highways, consisting of 45 projects in 22 counties. Included in the advance planning will be completion of the gaps in the interstate highways between Dallas and Houston, Dallas and Texarkana and from Denton to Fort Worth to Hillsboro.

Cost of the program is foreseen as \$36,500,000 for land purchases and \$166,500,000 for construction.

Water Safety Law Due.—Some 280,000 Texas boat owners will have to obtain licenses for their craft if a proposed uniform water safety act is enacted by the 1959 Legislature.

Representatives of sportsmen's organizations, trade associations and safety groups drafted the measure.

The State Highway Department would have responsibility for registering boats. Enforcement of safety regulations would be the job of the state's various peace officers and game wardens.

Zoning.—the restriction of skiing, racing, fishing, etc. to various areas—was omitted from the bill.

Republicans Jockey for Position.—Texas Republicans got no help from Secretary of State Steakley in their efforts to break

into the first column on the general election ballot.

In the past the secretary of state's office has sent out the list of certified nominees to counties, with the Democrats listed in the first column. GOP protested, demanding a drawing for position.

Steakley said he was not authorized to set up such a procedure. His office mailed out ballot forms this year without comment. Democrats were in the first column on the forms.

Short Snorts.—An Austin district court ordered forfeiture of charter of Walker-Texas Investment Corporation which had refused to allow the attorney general's staff to inspect its records. Walker-Texas operates five loan firms in Houston. Fall pickup in Texas business activity may gather momentum, develop into a

"decisive break-through," says the University of Texas Bureau of Business Research. Optimists see complete recovery from the recession by the end of 1959; pessimists, later in 1960. . . . State Board of Health has upped standards on fire prevention measures and space requirements for state licensed nursing homes. There are 560 such homes in Texas. The board must approve all plans for new homes or remodeling. . . . W. E. (Bill) Arpe of Weslaco was cited by Governor Price Daniel as Handicapped Man of the Year in a program sponsored by the Texas Committee of Employment of the Physically Handicapped. Arpe, whose hands are paralyzed; teaches radio and television repair to other handicapped men. . . . Texas Rangers will be honored at a \$50-a-plate dinner to be given in Fort Worth's Ridglea

Country Club to climax Law Enforcement Week. Texas Law Enforcement Foundation is spearheading arrangements. . . . Texas Highway Department is experimenting in the use of lignite slag as a road surfacing material. Slag is very hard and has an uneven surface to hold down skidding. Lignite, a very soft coal, is plentiful in Texas, and slag is what's left after the lignite is burned.

Attorney General Will Wilson has ruled the Water Development Board can grant money for constructing a water filtration plant when the plant is an integral part of the district's water project. But no loans for water filtration alone.

IS "IRON-HUNGRY BLOOD" MAKING YOU ONLY "HALF" A WOMAN?

Then Discover The Wonderful Blood-Strengthening Action of This Iron Compound Especially For Women!
Feel so tired, so run-down you can't be a real companion? Luckily, it's often due to "Iron-Hungry Blood" (simple iron deficiency anemia). Then it's useless to suffer such awful weariness.
Take Lydia E. Pinkham's Tablets, only iron tonic made especially for women! Rich in iron, Pinkham's Tablets start to strengthen "Iron-Hungry Blood" in one day!
Thus quickly help build rich, red blood... to restore strength and energy so you feel fine again fast!
If "Iron-Hungry Blood" has left you weak and run-down—only "half" a woman—get Pinkham's Tablets. See if you don't soon feel "all" woman again!
FOR FEMALE AILMENTS!
Lydia E. Pinkham's Vegetable Compound (liquid) also brings quick relief from discomforts of monthly pain, change-of-life.

Hamlin Hosts Haskell Squad Friday in First District Game

Indians Doped to Take Game, But Pipers Not Sure

After six weeks and playing around with non-conference grid foes, Hamlin High School's Pied Pipers get down to real business Friday night with their opening District 6-AA football game. The tilt will be played on the home griddle, with the high flying Haskell High School Indians furnishing the opposition.

Haskell, with three victories, one tie and two losses hanging from their belts, is being picked a slight favorite by dopsters to take the game. However, Coaches D. C. Andrews and Jimmy Vaughn are giving no quarters for their charges and declare the visitors will know they have been to a ball game before the fracas is over.

The Pied Pipers enter the fray with a record of four wins and two losses. However, Hamlin's opponents are recognized as not as tough as those on the Indian pre-season slate.

A big delegation of fans is expected to follow the Indian team to this first conference game Friday night. Elaborate between-halves ceremonies by bands and Pep Squads from both schools are

DISTRICT 6-AA STANDINGS

District 6-AA football teams broke even last week-end in their games with non-conference foes, winning two and losing two encounters, as Seymour was idle. The standings look like this:

Teams—	P.	W.	L.	T.	Pct.
Stamford	6	5	1	0	.833
Hamlin	6	4	2	0	.666
Haskell	6	3	2	1	.583
Seymour	5	2	3	0	.400
Anson	6	0	5	1	.083

Results Last Week

Cisco 22, Haskell 8.
Stamford 35, Graham 0.
Hamlin 26, Childress 12.
Albany 51, Anson 6.

Where They Play Friday

Anson at Seymour.
Haskell at Hamlin.
Stamford—Open.

Mighty Mice Drop to Third Place in Junior High Loop Standings

Hamlin Junior High School's Mighty Mice dropped to third place in Junior High School Conference last week. The standings look like this:

Teams—	P.	W.	L.	T.	Pct.
Albany	3	1	0	0	1.000
Anson	2	1	1	0	.500
Hamlin	3	1	2	0	.333
Merkel	2	0	2	0	.000

Results October 7

Albany 44, Anson 8.
Hamlin 26, Haskell 6.
Merkel—Open date.

Games for October 14

Anson at Merkel.
Eastland at Albany.
Hamlin—Open date.

scheduled to add spice and color to the annual meeting of representatives from the two schools.

Pipers Come from Behind to Bump Childress 26 to 12

After letting the Childress High School Bobcats get off to a six-point lead in the first quarter, Hamlin High School's Pied Pipers came back fast and strong to take a 26 to 12 decision in the last non-conference game of the season played Friday night at Childress.

Childress scored in the first quarter when Quarterback Fred Cawthon passed to End Jimmy Holeman for 43 yards, and then Halfback Ray Kelly went over for the score.

In the second period Hamlin Halfback John Richey went around left end for five yards for a touchdown.

A few minutes later Richey intercepted a pass on the Childress 32-yard line. He score from the one-yard spot and then ran over the extra two points.

Hamlin Halfback Robert Brandon took a hand-off and went around right end for 27 yards and the third marker. The score was 20 to 6 at half-time.

In the third period Cawthon marked up another touchdown for Childress as he went over from the one-yard location.

Hamlin scored again in the fourth quarter on a three-pass attack featuring Gene Murff and Richey. Richey took the last toss on the eight and went over.

B String Defeats Anson Crew 18 to 8 In Thursday Tilt

Coach Neil Laminack's Hamlin High School B squad proved they still have vim and vigor last Thursday night by touncing the Anson B stringers 18 to 8.

Hamlin kicked off to Anson and during the first quarter the ball bounced back and forth from team to team. Early in the second quarter David Bonds took a blocked punt and ran the ball to the 10-yard line. Frankie Lee then went over for the first Hamlin touchdown. The extra point try failed.

Hamlin kicked off to Anson and after about 10 minutes Frankie Lee intercepted a pass and ran 40 yards for a marker. The extra point try failed again.

Hamlin again kicked off and Anson's offense ran the ball back to the 10-yard spot, when Lonnie Adams loped over for the only Anson touchdown. The extra point play was good.

In the third period the teams see-sawed up and down the field but no marks were made.

Early in the fourth period, McCanlies ran the ball over for the final Hamlin tally, and the extra point play bogged down.

We have never been able to figure out the attraction which draws some couples together.

Get rubber stamps at Herald.

When you do a favor for a person, you might think that you are entitled to one in return.

Mighty Mice Romp To 26 to 0 Victory Over Haskell Juniors

Coach Harry Martin's Junior High School Mighty Mice turned on their offense to take a 20 to 0 half-time lead over the visiting Haskell juniors, then went on to tally again to make the final score 26 to 0 in their tilt played at Peid Piper stadium last Tuesday night.

Raymond Renfro intercepted a Haskell pass that went astray in the third quarter to boost the score to 26 to 0. Haskell staged a fourth period drive against the Mice reserves for their only tally of the night.

Scoring for Hamlin were Larry Blackwell (two) and Danny Nidecken.

The Hamlin line played their best game of the season. Outstanding linemen were Barry Moore, Mark Smith, Larry Stephens and Dennis Kelley.

Junior High School Gridders Host Crucial Albany Tilt Tuesday

Hamlin Junior High School's Mighty Mice gridders entertain the Albany Cubs here Tuesday evening at 7:00 o'clock.

Albany brings one of the most outstanding junior teams in this area. Albany defeated Eastland 30 to 0, Hamlin 44 to 0, Merkel 36 to 0, and Anson 44 to 8 to remain undefeated and untested.

Albany has a power-packed backfield with Fullback Bill Stapp (160), Johnnie Woodward (141), Sherman Thompson (140), and Gary Hise (106).

Stand-in to Go to Prison Rodeo for Actor Ward Bond

The old saying, "The show must go on," was never truer than when Robert Horton, co-star of the popular TV series, "Wagon Train," agreed to replace Actor Ward Bond at the October 19 performance of the twenty-seventh annual Texas Prison Rodeo at Huntsville.

Bond was forced to cancel his scheduled personal appearance on the advice of his physician, who declared, "Under no circumstances can I permit Bond to travel to Huntsville."

When Horton, who plays the role of Flint McCullough, scout of the television series, heard of the cancellation, he readily informed prison officials, "I'll be happy to appear at the rodeo to help this worthy cause, which in turn aids the inmates' welfare program."

Horton is rated as one of the most versatile actors in Hollywood today.

Your friend is the man who knows all about you and still likes you.—Elbert Hubbard.

Look for our Saturday specials.—McMahon Jewelry Company, 1c

Hamlin will counter with Van Newberry (107), Dan Newberry (108), Larry Blackwell (115), and Mike Martin (90).

Hamlin has won two and lost two, defeating Merkel 48 to 0 and Haskell 26 to 6, while losing to Albany 44 to 0 and Anson 18 to 6.

District 6-AA Grid Teams Break Even In Football Games of Last Week-End

Grid teams of the District 6-AA day fared only fairly well last week-end as they wound up the non-conference play for the season for all but one encounter: Seymour at Nocona. Stamford and Hamlin won their games, while Haskell and Anson dropped their encounters. Seymour was idle.

The Cisco Lobos won their fifth straight game of the year by trouncing the Haskell Indians 22 to 8 in a tilt played at Cisco. Cisco rolled up 17 first downs to nine for Haskell, and made 292 yards rushing to only 117 for the Indians. However, Haskell made 88 yards on six of 17 pass tries while Cisco gained only three on one of seven aeriels. Scoring for Cisco were Hale Duane (two) and Randall Hess. Accounting for the Haskell marker was Eugene Mullins, making a 57-yard dash over right tackle.

wood today. The rugged, tall, handsome young personality has made a name for himself on stage, screen and television. What's more, he is an accomplished singer, with numerous songs to his credit in several musicals.

In "Wagon Train" Bob Horton alternates with Ward Bond as the principal characters of the weekly hour-long episodes.

Convict contestants added, "We know of Bob Horton and his appearances at some of the best rodeos in the nation. But we promise Horton and rodeo fans that our show will top any in the world."

Stamford's Bulldogs continued to flex their muscles and brawn by romping over the Graham High School Steers 35 to 0 Friday night on the Stamford field. Stamford made 15 first downs to only six for the visitors, and racked up 175 yards on the ground to 57 for the Steers. However, Graham made 102 yards by completing seven of 14 passes, while Stamford connected on seven of 18 aeriels for 197 yards. Scoring for Stamford were Duane Lindsey (two), Ronnie Weeks, Tab Bunkley (two).

The Class A Albany Lions continued their undefeated record Friday night at the Jones County seat by bumping the Anson High School Tigers 51 to 6. Albany rolled up 407 yards total offense against the Anson crew, making 15 first downs to eight for the Tigers. Albany made 23 points in the first quarter, 14 in the second and 14 in the third. Anson made its lone marker in the final period. The victory over Anson gave the Lions six victories in a row for the season. Anson has lost five and tied one.

In their 26 to 12 defeat of the Childress Bobcats Friday night at Childress, the Hamlin Pied Pipers showed renewed fight and stamina. Hamlin made 15 first downs to 12 for Childress, rolling up 289 yards on the ground and 62 yards in the air to 128 yards on the ground and 97 yards passing for the Bobcats. The Pied Pipers were penalized 10 times for a total of 110 yards during the tilt.

Now... all America sees the one that's truly new!

Like all '59 Chevrolets, the Impala Sport Sedan has Safety Plate Glass all around.

what America wants, America gets in a Chevy!

'59 CHEVROLET

CHEVROLET

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and room-

ier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide*. A new Hi-Thrift 6 that

goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

Final Rites Held Wednesday for Matthew T. Brown

Funeral services for Matthew Brown, 61-year-old former section foreman of the Santa Fe Railway System, were conducted last Wednesday afternoon at the First Baptist Church at Ben-jam-in. Officiating was Rev. K. E. Woolley of Benjamin, former pas-tor of Plainview Baptist Church, southeast of Hamlin.

Burial was in the Benjamin Cemetery under the direction of E. H. H. Funeral Home.

Brown died last Monday evening in a Temple hospital, where he had been for three months. He had been ill for several months.

Born in Mississippi on April 2, 1897, Brown was the son of Mr. and Mrs. Samuel Brown. He moved with the family to East Texas early in the century. He married the former Nellie Gray in 1922 in Henderson County. He had been a section foreman on the Santa Fe Railway at Ben-jam-in, Haskell County. He was a member of the First Baptist Church at Benjamin. Mr. and Mrs. Brown had been residents of Hamlin for about five months.

Surviving the deceased are the widow, Mrs. Nellie Brown of Hamlin; two sons, Travis Ray Brown of El Paso and Maurice Brown of El Paso; two daughters, Mrs. Fred Stewart of Chattanooga, Tennessee, Rebecca Ann Brown of Hamlin; one brother, Lonnie Brown of Gallup, New Mexico; three sisters, Mrs. N. N. Glass and Mrs. Alice Kunkel of Waco and Ethel Brown of Dallas; and 10 grandchildren.

Milk Producers Get \$5.66 for September

Producers delivering milk to handlers regulated by the Central West Texas federal order will receive a minimum price of \$5.66 per 100 for four per cent milk during September, 1958, according to an announcement by By-ford W. Bain.

The September, 1958, minimum uniform price is 22 cents higher than the price computed for August but is 19 cents per 100 less than the average price received for four per cent milk during September, 1957.

RECENTLY NAMED Texas state chairman for the 1959 March of Dimes was Gordon Mc-Lendon of Dallas (above), according to Basil O'Connor, president of the newly expanded national foundation.

Funeral Services For Be F. Kemp, 86, Slated Thursday

Final rites for Ben F. Kemp, 86-year-old retired farmer of the McCauley community, are scheduled this (Thursday) afternoon at 2:00 o'clock at the McCauley Baptist Church. Rev. Gene Y. Brock, pastor, and Rev. L. R. Stuckee of Hermleigh, will officiate.

The octogenarian, who had lived in the McCauley section for 54 years, died Tuesday night at the family home there after an illness of about a month and a half.

Born January 2, 1872, in Bell County, Texas, the pioneer was the son of Mr. and Mrs. Zack Kemp. He came to this section in 1904. He married the former Beatrice Colwell on September 7, 1898, at Roby. The couple had been married 60 years on September 7 of this year.

The pioneer is survived by his widow; nine sons, Ralph Kemp of Portales, New Mexico, Clyde Kemp of Post, Raymond Kemp of Sylvester, Frazier Kemp of Chinle, Arizona, Warren Kemp of Hamlin, Rex Kemp of Roby, Fred and Frank Kemp of McCauley, and Guy Kemp of Sylvester; three daughters, Mrs. Ruth Chance of Lubbock and Mrs. Nita Lee of Ponder; one sister, Mrs. Jim Middleton of Lubbock; 14 grandchildren and four great-grandchildren.

New Fords for 1959 Featuring Many Modern Stylings

The 1959 Ford car line, which already has received an award at the Brussels World's Fair for styling elegance, will go on display at Hamlin Motor Company and other Ford dealerships over the country tomorrow (Friday). J. O. Wright, Ford Motor Company vice president and Ford division general manager, announced today.

"The 1959 Ford car is new in concept and new in style," Mr. Wright said. "The 1959 styling theme is good taste, a result of consumer demand for more elegance and dignity in automotive styling as opposed to gaudiness or extremism," he added.

In addition to Ford engines that have been engineered for greater fuel economy, Ford offers quality designed construction and a new, lighter Fordomatic transmission with 105 fewer parts than in 1958, Wright said.

"Every piece of body sheet metal in the 1959 Ford has been changed to reflect the good taste of the Thunderbird—America's most successfully styled car. The Thunderbird's crisp, taut lines have given the Ford a formal quality and the impression of a bigger, heavier car without the addition of bulk," Wright added.

Ford's 1959 styling earned the plaudits of the noted fashion authority, the Comité Français de l'Elegance, which, for the first time in history, bestowed a gold medal for styling on an American automobile at the close of the Brussels World's Fair.

The 1959 Ford engines offer greater operating economy and improved engine performance in the normal driving ranges, 30 to 70 miles per hour. Ford recommends regular grade gasoline in all standard engines, which can result in a saving of up to \$1 a tankful. These benefits have been achieved in part by a slight horsepower reduction.

State Fair to Climax Exposition This Week

The great 1958 exposition of the State Fair of Texas will wind up this week-end with a full program of exciting events. Scores of Hamlin area people have been among attendants.

The livestock calendar is crowded, with the junior livestock auction of steers, lambs and barrows Friday and Saturday mornings and judging of Palomino and shet-land pony performance classes scheduled Friday, Saturday and Sunday.

A gridiron highlight Saturday night will be the important South-west Conference football game in the Cotton Bowl between Southern Methodist University and Rice Institute.

VISIT AT BIG LAKE. Mr. and Mrs. O. L. Choorn spent the week-end at Big Lake visiting with their children.

SHOWN IN A PICTURESQUE Brussels World's Fair setting is a 1959 Ford Sunliner convertible. Ford offers two convertibles in 1959: The soft-top Sunliner and the retractable hard-top Skyliner. Ford's tasteful styling theme in 1959 is a result of consumer demand for more elegance and dignity, as opposed to gaudiness or extremism. In the background is the Atomium, prominent landmark at the Brussels world's Fair.

Study Hall Students Getting Report Cards

Study hall students at Hamlin High School were this week surprised to learn that this year they will be given study hall report cards.

The cards are blue instead of the usual white, and have only three grades: E—excellent, S—satisfactory, and U—unsatisfactory. Each student is graded in five areas, however: Citizenship, uses time well, accepts authority, respects others, and observes rules. Reports are designed to help the parent know something of how his son or daughter spends his study period, as well as something about his attitudes, it is explained by Principal B. V. Newberry.

Of all the reactions to this innovation perhaps the most amusing was "Do we get credits in this?" it is reported.

Look for our Saturday specials. —McMahon Jewelry Company, 16

"Unloaded" Gun in Home Responsible for Most Firearm Deaths

It is not necessarily the itching-fingered hunter in the field who mistakenly kills someone. The "unloaded" gun in the home is an even more dangerous killer, according to a report from the Texas Safety Association to The Herald.

In Texas, for example, almost half of the accidental firearm fatalities occur in the home. Most recent figures reveal that of 168

total firearms fatalities, 62 happened in the home, while only 11 were hunting accident victims.

For increased safety, TSA recommends that all guns be treated as though they were loaded—until it is proved that they are not; never aim in the direction of another person; put firearms away unloaded and dismantled. Lock ammunition in a chest or other safe place—especially if there are small children in the home.

When you need a rubber stamp call The Herald. Phone 241.

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

AWARDED THE GOLD MEDAL for beautiful proportions—by the Comité Français de l'Elegance at the Brussels World's Fair

These Fords you've got to try! For left is the new Thunderbird... center, the new Custom 300 Tudor Sedan... and above, the 9-passenger Country Sedan.

The elegant new Fairlane 500 Town Victoria

Stylish, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Elegance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these '59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended... new Tyrex cord tires for greater economy and safety... a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever... and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8—at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/3 fewer parts. **NEW economy team Number Two!** Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-gear axle.

Altogether NEW in everything you can see feel or touch!

59 FORDS

Come in and get that NEW FORD FEELING in the cars with Thunderbird elegance.

Sales—F O R D—Service

New Styling Will Feature Plymouth Models for 1958

New bumper bumper and roof-to-roof styling, new power plants with unprecedented trafficability which operate 10 per cent more economical, and a new top-of-the-line series of luxury models head the list of innovations for the 1958 Plymouth. The cars go on display in Hamlin and other showrooms today. Displaying the cars are John F. Green, M. C. Company and Prewitt Motors.

The 29 models offered include the new Sport Fury series, which for the first time in the low price field, provides swivel front seats as standard equipment. The swivel seats are optional on four other models.

In addition to the Sport Fury in the revised model line-up, Plymouth also offers the Fury, the Belvedere and the Savoy series. For the first time, Plymouth has two convertibles: one in each of the Sport Fury and the Belvedere line.

The many changes in styling and engineering, and the addition of the new models result from Plymouth's marketing philosophy, according to Harry E. Chesebrough, general manager of Plymouth.

"We are convinced that the American economy is at a point where value is the most important single factor in the purchase of a new car," he said. "Everything we have done to our 1958 line of cars reflects this belief."

Among the "value" features are several which contribute to a total of some 10 per cent greater economy of operation. There is a new three-stage carburetor, standard on all V-8s, which with new manifolding reduces gas consumption in the middle speed ranges, where most driving is done. A new rear axle gear ratio of 2.93:1 is available at no extra cost with the torque-life transmission. Exhaustive tests of cars with this gear

to boost fund drive—Governor Price Daniel, a sponsor of National Muscular Dystrophy Research Foundation, discusses the forthcoming fund drive with Linda Lou Bozeman, seven, the organization's symbol from Port Neches. Linda Lou will be the rallying point when local chapters and groups campaign for funds this fall to help finance scientific research to find the cause and cure for the disease.

GROUNDING.

Kim—"The horse I was riding wanted to go one way, and I wanted to go another."

Kathy—"Who won?"

Kim—"He tossed me for it."

News is the plural of the word "new." The Greeks word for it was "neos" and it became in Anglo-Saxon "neowe" and later in middle English "news." It is akin to the French "nouvelles."

Get rubber stamps at Herald.

Auto resulted in gasoline savings as high as six per cent. Oil consumption in the powerflow six engine is reduced with new tappet chamber ball.

In 1957, makers of automotive parts and accessories increased their advertising in newspapers by 141 per cent over the previous year.

Rubber bands at The Herald.

MINDFUL.

"Looks like a smart dog you've got there," remarked a friend.

"Smart? All I gotta say is, 'Are you comin' or ain't ya?' and he either comes or he doesn't."

More automotive advertising dollars are invested in newspapers than in any other medium.

Automobiles were offered to consumers "completely equipped" for the first time in 1910.

HAMLIN MEMORIAL HOSPITAL

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Rev. Woodrow McHugh, medical, October 5; Mrs. Billy Joe Wilson, medical, October 6; Mrs. Clarence Miller, medical, October 6; R. B. Spencer, medical, October 6; Mrs. G. M. Bond, medical, October 6; Smitty Maberry of McCaulley, medical, October 4; Mrs. Arnold Herd, medical, October 6; Mrs. Glen Williams, medical, October 6; H. C. Carr, medical, October 6; Mrs. J. C. Turner Sr., medical, October 6; Mrs. Gene Westmoreland, ob., October 7; Mrs. L. L. Hill of Aspermont, medical, October 7; Troy Austin, medical, October 7; James Collum of Aspermont, surgical, October 4; Mrs. Don Gregory, medical, October 7; Mrs. Raymond Kiser of Sylvester, October 8; I. R. Witt, surgical, October 8; Mrs. Bill Scott, medical, October 8; Mrs. John Brown Jr., medical, October 8; Ed Shields, medical, October 8; Mrs. C. I. Penrod of Swenson, medical, October 9; James Parker of Aspermont, medical, October 9; Orbie Fannin, medical, October 9; Tommy Shields, medical, October 9; L. C. Stinnett, medical, October 10; A. B. Meador of Peacock, surgical, October 10; Mrs. B. H. Crockett, surgical, October 10; Mrs. Leo Clegg of Roby, medical, October 10; Mrs. P. L. Anderson of Aspermont, medical, October 10; Kathy Suggs of Aspermont, October 10; Mrs. E. L. Snaps, medical, October 10; H. L. Reynolds of Aspermont, October 10; Gracie Peoples of Sweetwater, medical, October 10; Mrs. Pearl Wilson, surgical, October 3; Mrs. Milton Weaver of Aspermont, ob., October 11; Mrs. Joe Rimes of Aspermont, ob., October 11; H. H. Womack of Peacock, medical, October 11; T. E. Green of McCaulley, medical, October 12.

LETTER PERFECT.

Jack's memory did not have an enviable reputation. So, one day when he returned home, his mother asked, "Jack, did you post those letters for me?"

"Yes, mother," answered Jack promptly with an air of pride. "But just as I was about to drop them into the mailbox I noticed that you had put the stamps on wrong. The foreign letter had the four-cent stamp and the home letter had the seven-cent stamp. But I fixed it."

"But how did you change the stamps?" asked his mother.

"I didn't—all I did was change the addresses."

SOMETHING LIKE THAT.

Dick—"Did the teacher really say your voice was heavenly?"

Nick—"Well, she said it was unearthly."

Evangelist Tells Lions Church Has Many Competitors

"We're majoring on minors," declared Dr. Ralph Johnson, evangelist from Jackson, Tennessee, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house. He said he had no apologies to make for delivering a message on religious subject before Lions, because many of the principles of all civic clubs are drawn from a religious background.

The evangelist pointed out that the church today provides little competition for other activities. "Used to," he said, "other activities were arranged not to interfere with the church's services, but nowadays many people only go to church when it is convenient and numerous forms of entertainment."

"If you can eat it, drink it or ride in it, things of the world are interesting to people. But, if you have to think it or live it, many of the people are not interested."

Dr. Johnson prefaced his talk and recitation of the poem, "The Pioneer," with a musical number, "Somebody Bigger Than You and I." He was accompanied by Roberta Hall, member of his evangelistic team, who also rendered two piano numbers. The team is engaged in a revival meeting at the Faith Methodist Church.

Besides the evangelists, other guests at the Tuesday luncheon included C. C. Sheffield of Rotan, Gary Howard and J. B. Jayroe of Hamlin.

Preliminary plans for staging the annual broom sale by Lions Club members were set for next Tuesday.

Frequent Mowing of Lawn Necessary for Attractive Appearance

Mowing a lawn is not always fun—it is necessary.

"Frequent mowing is required if the lawn is to present an attractive appearance," says Kirby Clayton, county agent. When the grass is allowed to grow long enough that clippings are three to four inches long, the grass plant suffers a severe shock from the mowing process and several days may be needed for the plant to recover.

Clayton recommends that lawns be cut often, and that only three-fourths to one inch of leaf tip be removed at one mowing. This may require two to three mowings per week during the periods when the grass is making its most rapid growth. He also points out that too much growth between cuttings often results in a brown appearance after the grass has been cut.

Except on very fine grasses, it is not necessary to catch the clippings if the lawn is mowed frequently enough. The leaves contain plant food and clippings from them left on the lawn will help to maintain fertility. When the grass is allowed to grow so long that clippings present an unattractive appearance, they should be caught or swept up and discarded. A thick mat of clippings covering grass for a few days often damages the plants.

Picture Making in India Not Easy But Is Worth Trouble

Motion picture production in India today is no light undertaking. It seems, however, to some foreign producers to be well worthwhile once the hurdles of official permits are taken. A case in point is Twentieth Century-Fox's new release, "Harry Black and the Tiger," the first major film produced in India since this country's independence.

Conditions for filming in India are very different now from what they were in the days of British rule. The new India has become an independent and self-confident nation. With so many restrictions on imports into India today any film producer working there must depend on the good will of film studios and on the equipment available in the country. Chief reason for all this "red tape" is that India is determined that no foreign film shall give a wrong impression of Indian life under the new regime.

In the case of "Harry Black and the Tiger" the film unit had one overwhelming advantage. Its producer, John Brabourne, bears a name well known and loved in India ever since his father was governor of Bombay and later of Bengal. The producer, therefore, found all doors open to him and production paths were extremely smoothed.

"Harry Black and the Tiger" will show Sunday, Monday and Tuesday at the Ferguson Theater.

Evangelist Tells Lions Church Has Many Competitors

"We're majoring on minors," declared Dr. Ralph Johnson, evangelist from Jackson, Tennessee, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house. He said he had no apologies to make for delivering a message on religious subject before Lions, because many of the principles of all civic clubs are drawn from a religious background.

The evangelist pointed out that the church today provides little competition for other activities. "Used to," he said, "other activities were arranged not to interfere with the church's services, but nowadays many people only go to church when it is convenient and numerous forms of entertainment."

"If you can eat it, drink it or ride in it, things of the world are interesting to people. But, if you have to think it or live it, many of the people are not interested."

Dr. Johnson prefaced his talk and recitation of the poem, "The Pioneer," with a musical number, "Somebody Bigger Than You and I." He was accompanied by Roberta Hall, member of his evangelistic team, who also rendered two piano numbers. The team is engaged in a revival meeting at the Faith Methodist Church.

Besides the evangelists, other guests at the Tuesday luncheon included C. C. Sheffield of Rotan, Gary Howard and J. B. Jayroe of Hamlin.

Preliminary plans for staging the annual broom sale by Lions Club members were set for next Tuesday.

Seventh Graders Beat Anson Gridders 28-6

Hamlin Junior High School seventh grade gridders showed a well balanced running attack Thursday night in outscoring the Anson seventh grade Cubs by a 28 to 6 count.

Scoring for Hamlin were Larry Butler, Dwane Bundas, Gary Ted Jay and Speck Cox. Speck plunged for two conversions also.

Outstanding linemen were Nick Moore, Charles Siburt, Cleon Warner, Jaylon Fincannon and Ronnie Teichelman.

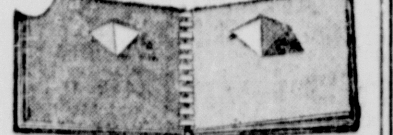

The seventh graders go to Haskell for a return game Monday afternoon at 4:00 o'clock. The first game at Hamlin ended in an 8 to 8 tie.

More people travel by automobile than all other means of transportation combined.

Bobby Gene Frank Now Managing Store

Bobby Gene Frank, formerly of Hamlin, has recently been transferred from Waco to San Angelo, where he has been made manager of the Thom McAnn shoe store. He started working for the firm in Waco after being discharged from the Army last January.

Bobby, son of Mr. and Mrs. T. W. (Mickey) McGuire of Hamlin, graduated from Hamlin High School and served two years in the Army. His wife is the former Margaret Joyce Wilson, daughter of Mr. and Mrs. J. L. Wilson, formerly of Hamlin but now of Abilene. They have one daughter.

Area People Go to Birthday Celebration

Several Hamlin area relatives were among attendants at the eighty-third birthday celebration of their mother and grandmother, Mrs. J. N. Steele, at Fort Worth Sunday.

More than 60 people were present for the celebration at the home of the pioneer.

Area attendants included Mrs. Etta Bond, Mr. and Mrs. Virgil Steele and Gene Steele of Hardin-Simmons University, Mr. and Mrs. John Harold Steele, Marsha and John Allan.

Sherry Renee, who is two years old.

PETROLEUM—basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers. . . . Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, available for production beyond immediate need, are necessary to the national security.

An obvious example is the gasoline that powers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, the jet or propeller driven, factory power, farm mechanization, and the revolution in home heating devices.

World War II in home heating devices, the energy that moves the trucks, ships and tanks of our Armed Forces, and the petroleum as a source of energy is only part of the story. In the past two decades, the petroleum chemicals have supplied the country with a new industry: already most of our plastics are made from petrochemicals. . . . the ubiquitous plastics derive from petroleum products. . . . paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern living.

Thus, oil's progress has made other progress possible all along the front of American industry. . . . Petroleum is the American resource that is

basic to the needs of our time . . . that is essential to our national security.

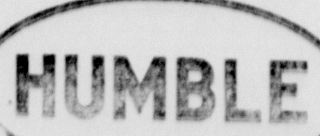

The Humble Company, established in 1917, has developed with the industry.

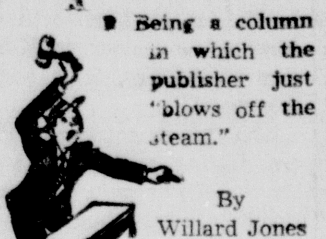

Humble's exploration activities extend from Florida around the rim of the country to California, Oregon and Washington, and beyond to the new State of Alaska. . . . The Company is a leader in the production of oil and gas in the United States. . . . Humble Pipe Line Company is a public carrier transporting not only Humble's oil but that of many other companies and independent producers to Gulf Coast terminals. . . . Baytown refinery is one of the nation's great manufacturing plants. . . . And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations.

The Humble Company believes strongly in research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity. . . . Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.

HUMBLE OIL & REFINING CO.

This Is Oil Progress Week,

AFTER A YEAR of marriage the Hamlin wife left her husband and flew back to her mother. No sooner had she arrived at the old homestead than the complaints started pouring out.

"Mother," she wailed, "that man's impossible. For the last four months I couldn't discover where he spent his evenings."

"That's terrible, dear. Did you ever find out?"

"Yes," sobbed the daughter. "One evening I went home, and there he was!"

DR. RALPH JOHNSON of Jackson, Tennessee, who is leading in a revival meeting this week at the Faith Methodist Church, spoke interestingly and sang at the weekly luncheon meeting of Hamlin Lions Club Tuesday at noon.

He told the yarn about a banker whose bookkeeper suddenly became ill. He asked another banker in town for the services of one of their bookkeepers for a few days.

"We'll let you have a good man," the second banker said, "but he's an awful gambler—watch him."

Shortly after reporting for work at the neighbor bank, the loaned bookkeeper rapped at the office of the first banker. He bantered the banker with a wager that he had a wart on his back. Disdaining to break the man from his gambling trait, he took the new-comer's \$10 after proving that he had no mole by taking off his shirt.

The loaning banker phoned his friend at the close of the day to learn how the man did. When informed by his friend that he had taught the gambler a lesson, his friend moaned that the gambler had just won a \$25 bet that he would have the banker's shirt off his back before the day was over.

EVERY TIME man tries to out-guess the weather or the will of God, he gets into all kinds of trouble. For several years we have been trying to control arm production. Each year we use out and in a big way. It has cost the American public billions for this bit of expensive horse-play. A couple of weeks ago the government bought 1,500,000,000 pounds of turkey for free school lunches. When the turkeys hear about this they will produce more and more.

We cut back the acreage of corn and wheat, and what happened? You're right, we will have corn and wheat coming out of our ears again this year. It seems strange that we keep on trying... paying farmers for not growing some crop and paying others for the crops that they raise that do not command what is considered a proper price in the market place. No other group is mixed up in such a crazy program!

MOSCOW IS ONE of the world's largest cities, with a population in the 5,000,000 bracket. And it has only five gasoline service stations!

On top of that, real service is non-existent at these stations. They are do-it-yourself operations. In which the attendant just collects the rubles. That's what can be expected when the state is the owner and boss and there's no competition. You take it and like it or go without.

Contrast that with this country, where some 180,000 service stations are competing for the business of a demanding public.

DEALING WITH oneself is one of our greatest problems. For example:

The young Hamlin father, pushing a baby carriage, seemed quite perturbed by the wails emerging from it.

"Easy now, Albert," he said soothingly. "Control yourself. Keep calm."

Another howl rang out.

"Now, now, Albert," murmured the parent. "Keep your temper."

A wailing note passing by resembled a congratulatory note.

"I know just how to speak to you," said the father.

"What's the matter?" My name's Albert!"

TWO LITTLE GIRLS were discussing their tomboys.

"Why does your grandmother read the Bible so much?" asked one.

"I think," said the other little girl, "that she is dreaming for the night."

TWO QUEENS AND A KING make a good hand any day or night, poker players will tell you. But the trio above were observed by hundreds of Hamlin High School homecomers and others the other night at the coronation ceremonies at the football stadium. Libby Johnson (left) was crowned High School Queen by L. C. Bonds, retiring president of the Hamlin High School Ex-Students Association. Moe James, graduate and long time teacher in the Hamlin schools, was crowned Homecoming Queen. Bonds is shown in the center.

Hamlin Young People Accorded Top Honors at McMurry College Rituals

Two Hamlin young people, both graduates of Hamlin High School, were given top honors Friday in elaborate ceremonies at McMurry College in Abilene.

James Boyd, former star on the Hamlin High School football team and currently co-captain and star halfback on the Indian grid crew, was named Chief McMurry. Laveta French, 21-year-old blonde who was a popular student in Hamlin High School before her graduation in 1955, was revealed as choice for the Reservation Princess.

Awards Given for Fire Prevention Posters

Awards were given for outstanding Fire Prevention Week posters at an assembly held at Hamlin Junior High School auditorium this week. Kay McCoy was awarded first prize, Diane Bond second prize, and Connie Jo Dunbar third prize. Dan Allen Bruner and Linda Hallmark received honorable mention. The posters were required of all art students.

Fire Chief James Josey made the presentations. Two fire prevention films were shown to the student body. Fire prevention material was earlier distributed to each pupil. Fire prevention questionnaires were filled out by each pupil on the home.

Alertness at Nightfall Necessary for Safety on Highways and City Streets

"In traffic as in football, a strong offense is the best defense against traffic hazards!"

This statement was made this week by J. O. Musick, general manager of the Texas Safety Association as he discussed the association's safety-after-dark program which is being conducted throughout October.

"Darkness hides danger," he said. "More accidents occur during early twilight hours and at night than at any other time, because cars, pedestrians, cyclists and stationary objects cannot be seen readily in the dark."

"Light then is the best offensive weapon to use against the enemy—darkness."

Musick said, "Such an offensive would be effective if pedestrians, cyclists and motorists would make sure that they and their vehicles are visible on streets and highways. He advised motorists to adopt the following rules for nighttime driving:

1. Examine check all lights, making certain they are properly focused.
2. Use headlights correctly with

The young pair was recognized in traditional ceremonies in the Radford Memorial building at McMurry College Friday night. Announcement of the winners had been withheld all week, pending the official coronation ceremony, a colorful spectacle during McMurry's annual homecoming celebrations.

Dr. Gordon Bennett, president, and Ed Chief of the entire McMurry community, placed the crown on the new Princess and followed with a spectacular address to the new Chief McMurry.

Miss French, daughter of Mr. and Mrs. E. D. French of the Tuxedo community, in addition to her latest title, is secretary-treasurer of the Student Council.

Boyd, who has been a star football player for the Indians the last two seasons, is senior class representative to the Student Council.

North Side Singing Set at Calvary Church

Regular meeting of the Jones County North Side singing will be held Sunday, October 19, at the Calvary Baptist Church in South Hamlin.

Singing will get underway at 2:00 o'clock in the afternoon. The public is invited to attend and participate in the songfest.

Nearly Two Inches More Rain Falls in Hamlin Area

Robb to Preach in First Methodist Revival Meeting

Arrangements are being completed this week for the annual fall revival meeting at the First Methodist Church. The eight-day series of services will begin Sunday morning and continue through Sunday, October 26.

Scheduled to do the preaching is the pastor, Rev. Edmund W. Robb. Rev. Gene Moore, pastor of the Faith Methodist Church, and his wife will be in charge of the musical program. Special choir numbers will be featured, it is announced.

Services during the week will be at 7:00 a. m. and 7:30 p. m. Preceding the morning services hot doughnuts and coffee will be served during the week beginning at 6:30.

Robb announced his sermon topics as follows: Sunday, October 12, "Three Dimensional Christianity" and "Pay Day Some Day"; Monday, "Prayer of Consecration" and "Return of Christ," Tuesday, "Prayer of Intercession" and "The Lost Ax Head;" Wednesday, "Prayer of Thanksgiving" and "Forgiveness;" Thursday, "Prayer of Submission" and "The Handwriting on the Wall;" Friday, "Prayer of Communion" and "Now;" Saturday evening, "Judgment;" Sunday, October 26, "Heaven" and "What Is Salvation?"

No Saturday morning service will be conducted, it is noted by church leaders.

Lions Club to Conduct Broom Sale Tuesday

Members of Hamlin Lions Club, in their annual sale of brooms and related items made by the blind, will conduct a door-to-door canvass next Tuesday in Hamlin, as well as "peddle" some of the wares in the business district, according to officials of the civic organization.

Net proceeds from the sales, as usual, will go into the local club's fund for aid to children with deficient eyesight and other projects sponsored by the club.

A downtown headquarters for a truck operated by the Lighthouse for the Blind of Fort Worth will be established near the Farmers & Merchants National Bank on Southwest Third Street, where purchases may be made. Austin Siburt has been named sales director by Acting President B. V. Newberry.

Missionary Film Set At Nazarene Church

Feature of the Sunday evening worship service at the Hamlin Nazarene Church will be the showing of a missionary film, "Life to Life," according to Rev. R. T. Jarrell, pastor. The picture will begin at 7:00 o'clock.

Based on the life story of Eli Latham, missionary to Panama City in 1870, the film is interesting and informative. The film was awarded the 1958 dramatics awards for religious films at the third annual Film Festival at Winona Lake, Indiana.

The public is invited to view the picture, members of the Nazarene congregation declare.

More Rat Poison Bait Available from BCD

Another supply of poisoned rat bait has been secured by the Hamlin Board of Community Development for distribution to people of the community without charge. BCD officials announced this week.

The new supply will make a total of 1,000 pounds of the bait that will have been purchased by the civic organization during the past few weeks.

A continuing campaign against rats and mice is being conducted over the county, with some head-ways being registered against the herds of rodents.

NEW OFFICERS OF EX STUDENT GROUP—Named officials of the Hamlin High School Ex-Student Association at concluding business sessions at the recent annual homecoming were the following (reading from left to right): Mrs. Odell Murphree, reporter; Mrs. Clyde Lewis, assistant secretary; J. C. Turner Jr., first vice president; Garland Preston, first vice president; W. T. Johnson, treasurer; and Arlie Cassle, president.

Farm Bureau Convention Set Saturday Evening at Anson

W. F. Martin Sets Sunday Contests By Cutting Horses

W. F. Martin, Hamlin rancher, will stage a cutting horse contest for the West Central Texas Cutting Horse Association Saturday at the Hamlin Riding Club arena in North Hamlin, starting at 12:00 o'clock noon.

There will be three classes of cutting horse events: Open cutting, open to all; novice cutting, for horses of the association that have not won over \$500 in prize money; and novice-novice, open to horses and riders who have not won over \$250.

Martin will give a trophy to the first place winners of each class, it is announced.

The Hamlin Riding Club will give away a \$275 saddle at 3:00 o'clock Saturday afternoon at the show. A concession stand will be open for attendees, where lunch can be obtained, officials of the event announce.

EVANGELIST for a series of gospel services beginning Sunday at the Hamlin Church of Christ will be Cleo Scott of Houston (above), former minister of the local church. The meetings will continue through Sunday, October 26, with services being held at 3:00 and 7:30 p. m., according to Austin Siburt, minister.

County Unit to Pass Resolutions For State Meeting

Annual convention of the Jones County Farm Bureau will be held in the Anson High School auditorium Saturday, October 18, at 7:00 o'clock, it is announced this week by C. E. Gregory of Hamlin, president of the organization.

Six new directors will be elected, and county resolutions will be adopted which will guide Farm Bureau in its state and national issues for another year. There will be a financial run-down of the county organization's income and expense.

A number of valuable door prizes will be given to members who are present.

Besides all members of the Farm Bureau, who of course are expected to attend, Gregory explains, the general public is invited to attend the sessions.

"The Farm Bureau is endeavoring to sponsor legislation and other activities that will aid the farmer and rancher," Gregory said, "and we urge others to join the group in its worthwhile endeavors."

Teachers of County Meet at Anson Oct. 20

First meeting of the 1958-59 school term for the Jones County unit of the Texas State Teachers Association will be held Monday evening at 7:30 o'clock in Anson High School auditorium, officials of the group announce this week. The program will honor new teachers in Jones County. Speaker of the evening will be E. L. Galyean, director of the division of research and records of the Texas State Teachers Association.

President of the Jones County teacher unit is Mrs. Joe Breed of Anson.

Revis Robertson New Trustee for Schools

Revis Robertson, well known farmer and rancher living north of town, was appointed member of the Hamlin Independent School District board of trustees when the official group met in business session Tuesday evening.

Robertson was named to fill the unexpired three-year term of Noel (Duck) Weaver of the Neinda community, who resigned several weeks ago.

Further Delay of Cotton Picking Results from Fall

Another rainy season returned to the Hamlin territory first of the week to dump nearly two inches of unneeded moisture on the area and further slow down the harvest of cotton that already had been hampered for several weeks by drizzles and drenches.

Rains and bad weather had persisted for some time to keep laborers out of the fields last month. The sun broke through the haze 10 days ago to give the farmers a little respite and chance to get in a few licks at the deteriorated cotton. Estimates are that only about 20 per cent of the cotton has been gathered, whereas about 75 per cent of it is ready to be pulled.

Rains Sunday totaled 1.62 inches of moisture registered at the government rain gauge at the city pump station maintained by Bill Rountree, city superintendent. On Tuesday another .03 of an inch was recorded, and the Wednesday morning reading was tabbed at .15 of an inch. The rains measured 1.97 inches for the month.

Total rainfall for the year at the government gauge is 15.82 inches. Normal for this time of year is about 18 inches. Normal precipitation for the year at Hamlin is 22.74 inches.

By months the rainfall at the gauge has measured: January, 1.12 inches; February, 1.05; March, 1.14; April, 2.10; May, 2.10; June, 3.18; July, .56; August, 1.17; September, 3.06; and October, 1.97.

Cleo Scott, Former Minister, to Lead Gospel Services

Good interest is being manifested in the forthcoming series of gospel services scheduled to begin Sunday morning at the Hamlin Church of Christ, according to Austin Siburt, minister.

Evangelist for the series of meetings will be Cleo Scott of Houston, minister of the local church in 1946 and 1947. This was his first full time church, he having come from the superintendency of school at Haskell to accept the call of the local congregation.

Scott has announced his topics for the week at the evening services as follows, in the order of their listing: "An Ideal Audience," "If I Had Only One Sermon to Preach," "Factors in Salvation," "Can One Be Saved Out of the Church?," "A Great Change," "If and Why," "The Destiny of the Church" and "Reaction to Preaching."

Rodney Spaulding, son of Mr. and Mrs. R. D. Spaulding of Hamlin and a Bible major at Abilene Christian College, will direct the singing during the meeting.

ATTEND MARKET.

Mrs. S. D. McMahon and Mrs. Carl Young attended market in Dallas last week-end and visited with Mr. and Mrs. L. S. Sparks in Fort Worth. They returned to Hamlin Monday afternoon.

Who's New This Week

Two new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both young men, they are:

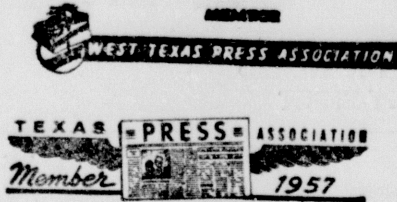

A boy for Mr. and Mrs. Gene Westmoreland arrived October 7. Weighing a light six pounds eight ounces, the youngster will answer to John Bentley.

A boy for Mr. and Mrs. John Rimes of Aspermant was born October 11. He will be known as Michael Don. His weight was not listed by the hospital.

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

In scanning the files of Your Home Town Paper, we find the following news briefs, taken from the issue of The Hamlin Herald dated October 19, 1938:

Nobles Brothers & Wood Company, Inc., advertises these prices: Ladies' house dresses, 89 cents; one lot of men's pants, 95 cents; gingham, 19 cents yard.

Hamlin Pied Pipers lost a hard fought football game last Friday to the Stamford Bulldogs by a 27 to 0 score. Coach O. D. Roland said the more experienced Stamford boys were just too much for the Pied Pipers.

Many Hamlin residents this week had their first practical experience with natural gas for heating as a cold snap visited the area. The gas was piped to the city recently.

The home of Mr. and Mrs. Mack Blackwell, formerly known as the Proctor home, was practically destroyed by fire Monday night. Tuesday morning the Pioneer Gin was damaged by a fire that was controlled by the fire department.

Cecil B. DeMille's "King of Kings" picture will be featured next week at the Mutual Theater in Hamlin.

TWENTY YEARS AGO.

From the files of The Hamlin Herald dated October 14, 1938, the following news briefs of 20 years ago are reproduced:

A. H. (Doc) Humphrey, former Hamlin citizen who recently has been living at Seagraves, was killed Monday night in an auto wreck three miles east of Seagraves. The Humphrey car, a Cadillac, collided with a Chevrolet owned by two girls, 17 and 19.

Lucille Newsom, student at McMurry College in Abilene, was a week-end visitor with her parents, Mr. and Mrs. W. E. Newsom.

Charles Prater, student at John Tarleton College at Stephenville, spent the week-end with his parents, Mr. and Mrs. C. C. Prater.

Mayor Joe Culbertson and Congressman Clyde Garrett of Eastland flew to Washington, D. C., first of the week to call at the National WPA office in connection with the government grant for improvement of the Hamlin city water facilities.

Carroll Benson, teacher and assistant coach at Merkel High School, visited his parents, Mr. and Mrs. W. E. Benson, Saturday and Sunday.

TEN YEARS AGO.

Events in the Hamlin community 10 years ago included the following, reprinted from the issue of The Hamlin Herald dated October 15, 1948:

A new board of directors was named Sunday afternoon at a city mass meeting for the Hamlin Memorial Hospital, which will try to pull the institution out of its financial plight. A vote of thanks to Bowen Pope, organizer and former business manager, was given by the group of citizens attending the gathering.

H. C. Stanley, Jones County farm agent for the past three years, has resigned to accept a similar position in Taylor County.

Bill Todd of Fort Worth, Rotary Club district governor, was a visitor and speaker at the Hamlin club Wednesday at noon.

FIVE YEARS AGO.

Goings-on in the Hamlin community are reflected in the following news briefs, taken from issue of The Hamlin Herald dated October 16, 1953:

Ray V. Kiphart, 45-year-old oil man of Borger, was killed when his car struck a bridge about six miles south of Hamlin early Sunday morning.

Telephones at McCauley will switch to the new dial system Saturday.

Clean-up and re-designing of the City Park shows great improvement since the clean-up campaign last Thursday under sponsorship of the Hamlin Business and Professional Women's Club.

Ample supply of cotton pickers for the Hamlin area is available. J. E. Patterson has been named chairman of a city-wide health group to improve health conditions of the city as pointed out last week by officials from the Texas Health Department.

ONE YEAR AGO.

News hits from The Hamlin Herald dated October 16, 1957, include the following:

With four victories out of five football games this season, the Hamlin High School Pied Pipers are resting this week. They meet Albany next Friday night.

Announcement was made this week of the forthcoming marriage of James Linn of Hamlin to Janis Jackson of Sipe Springs.

Two-Day Fort Worth Stock-Feeder Sale-Show to Feature A. & M. Teams

Beef Cattle Specialist J. K. Riggs of Texas A. & M. College and coaches of the judging teams, will lead a group of young men from the cattle judging teams of the school to Fort Worth October 16 and 17 to select top entries in the show and sale. It marks the first time a major college team, including students, has served in such a capacity at a major livestock fixture, such as the annual October stock-feeder event at Fort Worth, points out Ted Gouldy, special market report for The Herald, in his weekly release.

Dr. O. D. Butler, head of the animal husbandry department at A. & M., reported Monday the members of the team would be selected and announced Tuesday morning.

The team was invited to participate in the show and sale by the Fort Worth Livestock Market Institute, sponsors of the livestock event. Some 3,000 high grade stocker and feeder calves and yearlings will enter the all-breed affair, with a complete show and sale each day.

Slaughter classes of cattle and calves were slow and weak, except bulls which were fully steady. Very few fed cattle arrived, and these were slow to clear in the face of weaker bids. Cows were also slow and weak, most sales falling in line with the low side of last week's low close. Slaughter calves ruled about steady with sales at the close last week.

Lightweight stocker cattle and calves were steady, but heavier and fleshier stockers and feeders were again dull and weak and in line with last week's sharp declines in those types.

Good and choice slaughter steers and yearlings cashed at \$23.50 to \$27, the higher figure for some baby beef lightweight yearlings. Common and medium sorts sold from \$17 to \$23. Fat cows drew \$18 to \$21, and canners and cutters drew \$12 to \$18. Bulls sold from \$15 to \$22.50, one load at \$23.

Good and choice slaughter calves cashed at \$23.50 to \$26.50, a few to \$27 sparingly. Common and medium sorts sold from \$17

to \$23, and culls sold around \$15 to \$17. Good and choice light weight calves sold from \$27 to \$33, those at \$33 scaling about 250 pounds and some over 400-pound steer calves at \$32. Stocker steer yearlings bulked at \$28 downward, and fleshy feeder steers bulked at \$24.50 downward. A few stocker cows cashed in the \$18 to \$22 bracket.

Additional weakness in swine prices were recorded at the start of the week at major markets over the country as heavy offerings were again reported around the major marketing circle.

Butcher hogs and packing hogs were 25 to 50 cents lower at Fort Worth Monday, and similar price declines were tabulated at most major market terminals around the country. Choice butcher hogs topped at \$18 and \$19.25, while the medium to good sorts sold from \$17.50 to \$19. Packing hogs sold around \$17 to \$18.25.

Sheep and goats were steady at Fort Worth Monday. Good and choice slaughter lambs sold from \$20 to \$22, and stocker and feeders lambs cashed at \$18 to \$20, and good lightweight hogs were scarce. Slaughter yearlings sold around \$19 down, and old wethers cashed at \$14 downward. Slaughter ewes drew \$7.50 to \$8, and slaughter goats sold from \$7 to \$8. A few stocker goats sold for \$10, and a few breeding ewes sold from \$10 to \$15.

Rubber stamps made to order at The Herald. Phone 241.

Social Security Man To Be Here Oct. 24

Hamlin area residents are advised that a representative of the Abilene office of the Social Security Administration will be in Hamlin next Friday, October 24, at the fire station, beginning at 10:00 a. m., where he may be contacted for information about any phase of the social security program.

Subsequent visits will be made to Hamlin on November 21 and December 19, it is announced.

Ray Smith Opening TV Shop in Hamlin

Quality TV sales and service will be open for business Friday in Hamlin at 132 North Central Avenue, next door to King's Insurance Agency, it is announced this week.

The shop is equipped with modern testing equipment, specializing in TV repair, custom high fidelity installation and various other phases of the electronics field. The shop owner and operator is Ray Smith.

Thursday Evening, October 23—"The Handwriting on the Wall"
Friday Morning, October 24—"The Prayer of Communion"
Saturday Evening, October 25—"The Judgment"
Sunday Morning, October 26—"Heaven"
Sunday Evening, October 26—"What Is Salvation?"

CLUB TRAINING MEANS MUCH TO YOUTH OF U.S.

For many years Texas and Jones County have been proud of the work of their youths in 4-H Club, Future Farmers of America and Future Homemakers of America groups. These activities have been maintained on a high level of efficiency in this area—through the schools and through the work of county agent and county home demonstration agent functions.

Projects promoted by the Jones County extension service agents have made better farmers, ranchers and homemakers out of many scores of people through the past several years. Work of the county agent with 4-H Club boys has helped to give the boys practical knowledge of acceptable farming and ranching methods, inculcating skills of soil conservation, record keeping, use of pure breeding principles in livestock raising, use of good seed for planting and many other practical points that help to make better farmers out of the coming generation.

Work of the county home demonstration agents with 4-H Club girls likewise has been beneficial in sponsoring scientific facts and methods of housekeeping, sewing, planning

meals, using workable budgets and otherwise preparing the young women for better living in the years ahead of them.

Vocational training among the schools of the area also has gone a long way toward getting boys and girls started off on practical, worthwhile living.

Classes of homemaking in the major schools of the area are of inestimable value to the future homemakers. Pointers on housekeeping, sewing, cooking, budgeting family income and numerous other phases of homemaking are offered to students taking homemaking. Homemaking laboratories in the schools include model rooms outfitted with appliances and furnishings to be found in the average home, where day-to-day training in family atmosphere is provided.

Work of the Future Farmers of America in this territory is traditional. Boys are given training in farming, ranching, livestock and poultry raising and related subjects by competent instructors with practical knowledge and experience. Record keeping on projects provides ideal training that will be used by the boys when they reach manhood.

Some Teen-Age Wisdom

America's teen-agers seem to break into the news only with hair-raising stories of juvenile delinquency. But not long ago 53 teen-agers from all parts of the country, representing 34 national organizations, met to advise their elders on questions of public health.

This was not brassiness on their part. The National Foundation for Infantile Paralysis had summoned them to find out why teen-agers—one of the most polio susceptible groups—had put off getting their Salk vaccinations. Nearly half the U. S. population under 20 either has no vaccination at all or has not completed the full series of shots. Why?

Note the reasons given by the teen-agers themselves—and note, too, that none of these reasons is valid: Polio is way down, so why bother? Sheer laziness or indifference. Fear of the needle. Thought it was an infant's disease and "couldn't happen to me." Didn't know that "somebody else's vaccination does not protect you."

As for ways to bring vaccination to teen-agers, here are some nuggets of sound teen-age wisdom—proof that hot rods, rock 'n roll and TV are not all they think about: "Scare the pants off of them." Make vaccination a "lad like wearing white buckskin shoes or Cul Brynner haircuts. Direct information especially to teen-agers, since they consider themselves a special group, neither children nor adults. Persuade parents of the necessity for vaccination, since teen-agers are swayed by the actions of their parents.

If you have teen-age children, set them a good example by getting your own Salk shots. Then see that they get theirs. This year, for the first time, there is vaccine enough for everybody, regardless of age.

We're Writing History

All things are engaged in writing their history. The planet, the pebble, goes attended by its shadow. The rolling rock leaves its scratch on the mountain side; the river, its channel in the soil; the animal, its bones in the stratum; the fern and leaf, their modest epitaph in the coal. The falling drop makes its sculpture in the sand or the stone. Not a foot steps into the snow or along the ground but prints in characters more or less lasting a map of its march.

Every act of man inscribes itself in the memory of his fellows, and in his own manners and face. The air is full of sounds, the sky of tokens, the ground is all memoranda and signatures, and every object covered over with hints which speak to the intelligent.—Ralph Waldo Emerson

Buying Now Not Patriotic

The American consumer has no "patriotic duty" to buy now in order to pull the country out of the recession, according to editors of Changing Times, the Kiplinger magazine.

In a copyrighted article, "What to Do About This Recession," the editors advise their readers against buying as a patriotic duty to help business. "The freedom to buy or not to buy is what corrects excesses of production, pricing and so on. If consumers were to buy as a patriotic duty they would throw away the one advantage they have in the tug of war that is the market place," the editors say.

"Most businessmen are holding back on purchases, waiting for lower prices. The auto companies, for example, are buying steel hand-to-mouth. One department store manager told reporters: 'We are playing it closer to the chest on all our buying this year.'"

Buy with an eye to your needs and carefully weigh price and quality. In so doing you will be emulating the most prudent businessmen themselves, the magazine advises.

Editorial of the Week

OUR HERITAGE—AND THE WORLD'S

The United States still is thought of as a "new country" in many lands. And it is true that our history does not extend back into the dim dawn of time. But in one sense, we are an "old country." For ours is the oldest constitutional democratic government on earth.

Even Switzerland, with its long history of democracy, lives under a constitution written in 1874.

After adoption of a declaration of independence, our nation had a war to win. And having won it, the foremost brains we could muster were put to work to design the constitution upon which the new nation would base its concepts of life under law, and of every man's rights in a free society.

Today that document still stands the test of so-called "modern living," because the concepts of law and rights are as important now as they ever were. And that document has been the inspiration of peoples in many lands, and the envy of peoples who must live without such protection.

Our declaration of independence is meaningful because it was followed by action. A war was fought and won. A government was charted and built. Without these actions the declaration would have become an obscure footnote to history.

It is well to bear this in mind today, for the independence it declared will be ours only so long as we are willing to take action and protect it.—The Giddings Star.

Hamlin Officials Invited to McAllen Highway 83 Meet

Officials of the Hamlin Board of City Development and others have been invited to attend the annual U. S. and Canadian Highway 83 convention, to be held at McAllen Sunday, Monday and Tuesday, October 26, 27 and 28.

Certain raiser for the convention is a free wild game supper at Reynosa, Mexico, as a courtesy of the McAllen Chamber of Commerce. This dinner is scheduled for 8:00 p. m.

Business sessions start Monday, October 27, and end up the evening with a fish fry on scenic Padre Island off the coast of Brownsville. Final business session starts at 7:00 a. m. and adjournment is set for 11:30 a. m. Tuesday.

Special guest at the convention will be Ann Lockeridge of Mission, winner of the Highway 83 essay contest. Another guest will be Mary Collingwood of Liberal, Kansas, who was the American winner of the International Pan-cke Race.

Program Building Committee Plans 4-H Club Projects

The Jones County 4-H Club program building committee met in the county extension agents' office at Anson Monday evening to discuss the 4-H Club program for the coming year.

Chairman Birger Haterius of the Ericksdahl community called the meeting to order at 7:30 p. m. and the group outlined the following program for the coming year: County and district livestock shows, food sale, share-the-fun festival, county and district elimination contests, county and district 4-H Club camps, record book training workshops, county and district dress revues, West Texas Fair at Abilene, achievement banquet, Christmas party in December, plus the regularly scheduled 4-H Club meetings and 4-H Council meetings. The group also suggested that the unit have a booth exhibit at the Abilene fair next fall.

The 4-H adult leaders volunteered to help the county extension agent with the next rat demonstration campaigns in December.

Those attending the Monday night meeting were Birger Haterius, chairman; Judy Simmons, secretary; Mrs. Woodrow Simmons, Woodrow Bagley, Ronnie Bagley, Mrs. Eben Shugquist, Barbara and Marlene Shugquist, Mrs. R. C. Huber, Mrs. Mary Newberry and Kirby Clayton.

FROM LEFT: BOOB rescue boat (ground car) arrives at door of an automobile agency in downtown Fort Worth to assist employees to leave after flash flood hit the area. A six-inch rain that fell in an hour was also responsible for the death of two women trapped in their car in an underpass.

Crime Records Show Improvement in Crime for Texas as Whole Recently

While petty crimes in Central West Texas, including the Hamlin section, have received attention of law enforcement officers in recent weeks, increasing crime in Texas as a whole showed some signs of improvement in a report released this week to The Herald by the Texas Department of Public Safety.

Crime statistics released by Joel Tisdale, chief of identification and criminal records, showed that crime in all categories during the first six months of 1958 increased 7.2 per cent. This figure, however, was not as great as the 9.5 per cent increase reported for the similar period last year.

Noticeable decreases in this years report were shown in the

categories of auto theft, rape and murder and homicide. Auto theft was down 5.1 per cent, while last year it showed a 26.8 per cent increase. Murder and homicide decreased 12.7 per cent during the first six months of 1958; in the same period in 1957 that classification of crime was up 22.7 per cent. And the 1958 report on rape was a decrease of 24.6 per cent in comparison with a 2 per cent increase in 1957.

Tisdale said both the urban and rural figures show increases this year, but that crimes in urban areas were not increasing as rapidly as previously experienced. Urban major crimes were up 8.4 per cent; rural crimes increased only one per cent.

Most classifications of crimes against property in the new report showed increases. The rise in burglary was 14.1 per cent; robbery 14 per cent, and theft 7.3 per cent. Aggravated assault, classified as crime against the person, increased 1.1 per cent.

Juvenile crime during January through June continued its strong upward climb with 52,871 total arrests of persons 20 years old or younger who were charged with a major crime. Chief Tisdale explained that this figure was not all-inclusive in that many juveniles were not finger-printed, especially those arrested for misdemeanor offenses. His report on juvenile crime was based on finger-print cards received by the department.

In the first six months of last year 49,840 persons 20 years old or younger were arrested on felony charges. The ages of 17 through 20 received the most arrests.

Rubber bands at The Herald.

Complete Styling Transformation Is Made by Chevrolet

A complete styling transformation, along with more safety, comfort and performance, was announced this week for the 1959 Chevrolet passenger car line.

The cars, which are being displayed at nationwide dealer showings Thursday, October 16, represent one of the most imaginative designs ever to come from the automobile industry. Carl Murrell Chevrolet Company is exhibiting the cars in Hamlin.

In shape, and in detail the new styling reflects the influence of a space conscious age. Lines sweep rearward in a virtually level plane. Tops are flatter and visibility is dramatically increased.

Appreciably lower, the overall appearance of fleetness is further conveyed by an adroitly sculptured frontal area. At the rear horizontal wings branch out from the center of the deck in a simulation of mobility that might have been conceived on the sands of Cape Canaveral.

While the unusual appearance will draw instant admiration, Chevrolet has not neglected other phases of engineering in its bid to continue the sales popularity registered by the company in 1958.

Here are some of the 1959 mechanical highlights: A new six-cylinder engine, named the hi-thrift because of added economy; coil spring suspension, incorporating specialized controls; larger braking surfaces; a turbo-glide transmission of advanced design; easier steering and inclusion of a second, shock resistant universal joint.

Freight Carloadings For Santa Fe Still Up

Freight carloadings for the Santa Fe Railway System for the week ending October 4, 1958, were 26,265 compared with 24,917 for the same week a year ago, reflecting a continuing gain over last year. Cars received from connections totaled 12,273 compared with 12,795 for the same week in 1957.

Total cars moved were 38,538 compared with 37,712 for the same week a year ago. Santa Fe handled a total of 38,925 cars in the preceding week this year.

CHEVROLET AGAIN OFFERS the popular Bel Air series for 1959. This model maintains its reputation for stylish interiors and appointments, with increased passenger room and additional visibility in new compound curved windshields and larger rear windows. New grille and lowered headlamps accent the front end. Both two-door and four-door sedans incorporate the venturesome new design features, plus improved brakes, suspension system and handling advancements. All 1959 Chevrolets feature a new acrylic lacquer finish said to retain brightness for years. The new cars went on display Tuesday at the Carl Murrell Chevrolet Company in Hamlin and at dealers all over the country.

Lamar C. Hayes, Ex-Railroad Man, Interred Sunday

Funeral services for Lamar C. Hayes, 61-year-old Hamlin area farm road former railroad man, were conducted Sunday afternoon at 3:00 o'clock at the First Methodist Church in Hamlin. Officiating were Rev. Edmund W. Robb, pastor, and Rev. Gene Moore, pastor of Faith Methodist Church.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Raleigh Bond, Robert Rangel, Ralph Riddle, Connie Drake, Charlie Carter and Edgar Duncan.

Hayes died last Thursday afternoon at the Hamlin Memorial Hospital, following a four-day illness.

Born August 2, 1897, at Whitney, Hayes was the son of Mr. and Mrs. Jesse B. Hayes. He worked for 15 years with the Santa Fe Railway System before going to the farm. He was a member of Faith Methodist Church.

He is survived by one daughter, Mrs. Christine West of O'Fallon, Illinois; five sisters, Miss Minnie Hayes, Mrs. W. L. Hunter, Mrs. Joe Bonds and Mrs. Grover Smith of Hamlin and Mrs. Matt Motis of Santa Ana, California; and three grandchildren.

Shapes of Traffic Signs Should Help to Warn of Dangers

"What is the shape of the traffic stop sign?"

A surprising number of drivers do not know the answer to that question, according to J. O. Musick of Austin, general manager of the Texas Safety Association. He pointed out that many drivers who have been driving for years do not know that traffic signs have easily identifiable shapes.

"Some drivers memorize the shapes for their driving tests, but soon forget their meaning," Musick said, "but a driver, as an added safety measure, should retain the ability to recognize the types of traffic signs by their shape."

Musick listed the six basic sign shapes as being: Octagon, which means stop; round, first railroad crossing warning; white cross-buck, last railroad warning; diamond, warning of dangerous or unusual conditions ahead; triangle, yield right-of-way; and rectangle, which states such laws as speed limits, passing regulations and similar laws.

Musick emphasized that we should all remember that traffic signs are designed to warn both motorists and pedestrians of traffic laws and of dangers that lie ahead. Thus, offering preventive measures for the protection of all.

Two Hamlin Youths Enlist for Army Youth

Richie Smith, son of Mr. and Mrs. I. W. Smith of Hamlin, and Jim R. Stinnett, son of Jim Stinnett of Radium community, enlisted last week-end for the regular Army for a period of three years, according to the recruiting officer of Abilene.

The young men left Monday for Fort Carson, Colorado, where they will receive their first eight weeks of basic training. They will then be home on leave for about two weeks.

Both Richie and Jim have chosen a school under the "reserved for you" program. Richie chose administration, and Jim electronics.

CATCH ALL

Tommy rushed in from playing with the boy next door. He looked worried, and said, "I'm sure I'll catch it, an' be awful sick!"

"Catch what?" asked his mother interestingly. "I just heard Jimmy's mother tell his daddy that Jimmy had a crony. I'm sure I haven't been vaccinated for that, have I, now mother?"

Attendance Drops at City's Sunday Schools As Weather Acts Up

As many Sunday School attendees are prone to let the weather easily discourage them from getting out, the rains of last Sunday morning caused a big drop in the attendance at Sunday Schools of Hamlin churches. The 1,036 total was 262 less than the previous week's 1,302 and 161 less than the year ago total.

Attendance, by churches, for October 12, October 5 and a year ago follows:

Business and Professional Women's Club Tea Honors Officials from State

Hamlin Business and Professional Women's Club entertained with a tea last Thursday evening during National Business Women's Week in the home of Mrs. Tom Teague. The tea honored state, district and local officers, past presidents and new members.

Mrs. Ed Bailey opened the door, and Mrs. Tom Teague greeted the guests. Guests were introduced to the following officers: Mrs. John Howard Jr., president; Mrs. E. M. Wilson, past president and past district director; Avis Deavers of Merkel, Texas state recording secretary; Zeida Brown of Snyder, past district director; Jo Riddle, vice president and past president; Mrs. Vera Nobles, past president; Mrs. Florence McCollum, recording secretary; Mrs. Florence Cowan, treasurer; and Mrs. Terry Haight of Abilene, past president.

Mrs. Joe McCrary presented accordion music throughout the tea hour. Guests were directed to a beautifully appointed tea table, laid with an imported linen cut-work cloth and two identical crystal punch bowls. The centerpiece was an artistic arrangement of white carnations and

greenery sprayed gold encircling the club emblem, NIKI. Several attractive dried arrangements were in various rooms, along with other attractive flowers.

Members who poured punch were Mrs. A. A. Hackley, Mrs. Hollis Madden, Mrs. A. A. Wade and Mrs. Frank Bayouth.

New members of the club are Adele Dixon, Mrs. James E. Harrison, Mrs. Melvin Scott, Mrs. Ethel Allen, Mrs. Bill Davis, Mrs. Willard Jones, Mrs. Gene Moore, and each of them was presented a pink carnation corsage, compliments of Lennie Greenway. The den of the Teague home was the scene for the presentation of the new members by Mrs. D. W. Stell and Mrs. Earl Brown.

Seventy-five guests were registered in the club's guest book by Mrs. J. B. Terrell, Mrs. M. H. Bond and Mrs. Earl Brown.

Other club members in the house party were Oleta Avants, Viola Avants, Nettie Bowen, Mrs. W. C. Hargrove, Mrs. S. D. McMahon, Mrs. R. D. Moore, Mrs. C. C. Prater and Mrs. Mildred Young.

Good-byes were said by Pearl Hudson and Maggie Seymore. Out-of-town guests who regis-

"Boy, oh boy — I wish that assistant vice-president who's so moony over her, could see THIS!"

Naomi Class Installs New Year's Officers At Friday Gathering

New officers for the ensuing church year were installed when members of the Naomi Sunday School Class of the First Baptist Church met Friday morning at 10:00 o'clock at the church. Mrs. Vincie Walton is teacher of the group. Mmes. Ruth Hallmark and Ola Waymire were hostesses for the meeting.

Class President Mrs. J. C. Lain presided. Mrs. Lurline Young opened the session with prayer.

New officers installed were: Mrs. Ola Waymire, president; Mrs. Lillian Green, vice president; Mrs. Leona Carter, secretary; Mrs. Pearl Ramby, assistant secretary; Mrs. Lurline Young, assistant teacher; Mrs. Billie Goodman, calendar girl and sympathy cards; Mmes. Betty Miller, Ruth Hallmark, Ruby Pemberton and Lela Lain, group leaders. Mrs. Walton presided at the officer installation.

Coffee, cocoa and cake were served to attendants. Mrs. Leona Carter offered the closing prayer.

Mrs. Loy Fry Hosts Class Group Meeting

Recently Mrs. Loy Fry was hostess to members of the Prebian Sunday School Class of the First Baptist Church.

As guests arrived the hostess served pie and coffee.

New officers for the ensuing church year were installed by Mrs. Leslie Shelburne, guest of the class. A candlelight service was used as the following officers were officially inducted: Mrs. Fred Young, president; Mrs. S. C. Ballew, vice president; Mrs. Elmer Brewer, secretary; Mrs. R. C. Ritchey, assistant secretary; and Mrs. C. L. Meyner, Mrs. D. A. Brown and Mrs. Loy Fry, group captains.

tered, along with the two honorees, Miss Deavers and Miss Brown, were Mrs. Lorene Griffin of Abilene, daughter of the hostess Mrs. Teague; Mrs. Mary Gay, Mrs. Ona High and Mrs. Ophelia Reid of Stamford; Mrs. Terry Haight and Mrs. Lucille Snow of Abilene.

Officers Installed by Friends Class Group At Monthly Meeting

Members of the Friends Sunday School Class of the First Baptist Church had their monthly social in the home of Mrs. Bonnie Bingham.

Mrs. Everett Gibson said the opening prayer. Officers for the ensuing church year were installed by Mrs. L. B. Shelburne, and this was done in the form of a candlelight service and with a film shown on the duty of each officer. The officers installed were: Mrs. Noel Weaver, president; Mrs. W. W. Fletcher, vice president; Mrs. Ernest Lee, secretary and treasurer; Mrs. Bonnie Bingham, assistant secretary; Mrs. W. C. Hargrove and Mrs. Clyde Grice, group captains; Mrs. A. Spencer, teacher; Mrs. Jack Wright, assistant teacher. The meeting was closed with a prayer by Mrs. A. Spencer.

Coffee and pie were served to Mmes. W. C. Hargrove, Milton Smith, Clyde Grice, Noel Weaver, I. B. Miller, Ernest Lee, Ernest Gibson, Ben Parker, Jack Wright, A. Spencer, W. W. Fletcher and L. B. Shelburne.

Garden Club Meets In Williams Home For Friday Program

Garden Club members enjoyed meeting in the new home of Mrs. L. B. Williams last Friday afternoon.

Mrs. Clyde Grice was leader for the program. Mrs. F. B. Moore brought an interesting discussion on "Landscaping the Public Area." An outstanding thought was "Our front yard belongs to the public, and we should make it a pleasant frame for our home."

Mrs. Joe League told the group how to start and grow the perfect lawn. Much planning and work go into making a pretty lawn, she declared. Also Mrs. League had a lovely dried arrangement she had made from things gathered from two or three golf courses in East Texas, but to her represented a lot of fun.

Garden Club members are looking forward to the November meeting when Mrs. W. J. Bryant of Stamford will give a demonstration on flower arranging.

Bette June Teague to Marry Joe League Jr.

Mr. and Mrs. S. A. Teague of Hamlin are announcing the engagement and approaching marriage of their daughter, Bette June, to Joe Charles League, son of Mr. and Mrs. Joe L. League of Hamlin.

Bette is a 1958 graduate of Hamlin High School and has completed a manicurist course at Abilene Beauty College.

Her fiancé is a 1955 graduate of Hamlin High School. He attended Texas Technological College at Lubbock and the University of Houston. He is now employed by the Gulf Oil Corporation sales division in Houston.

The couple plans to be married on Sunday, November 30.

Lela Gilbert and Jimmy Spencer Says Wedding Vows in Rites at Lubbock

Lela Gilbert and James T. (Jimmy) Spencer repeated wedding vows Saturday afternoon at 3:00 o'clock in double ring ceremonies at the College Avenue Baptist Church parsonage in Lubbock. Pastor of the church, Dr. Lawrence Hayes, performed the rites. The bride is the daughter of Mr.

and Mrs. Noah Barrett of Happy, and parents of the groom are Mr. and Mrs. A. Spencer of Hamlin.

Maid-of-honor was Mary Miller, friend of the bride. Best man was Lavelle Phifer of Lubbock.

The bride attended schools at Happy. She has been employed by the Texas Tech College book store at Lubbock. Young Spencer, a graduate of Hamlin High School, received his degree from Texas Tech. He is a private accountant, being employed by the Caprock Stone Company at Lubbock.

After a brief wedding trip the newlyweds are at home at 2317 Twenty-Seventh Street in Lubbock.

Mr. and Mrs. A. Spencer from Hamlin attended the Saturday afternoon rituals.

Fifth Grade Camp Fire Girls Pick O-Ki-Hi As Name for Group

Fifth grade Camp Fire Girls met last Thursday afternoon in their first meeting of the new year. They selected the name O-Ki-Hi for their Indian group name, which means "Able to Accomplish."

The following officers were elected: Judy Jenkins, president; Glenda Hudspeth, vice president; Jane Fincannon, secretary; Dana Carmichael, treasurer; Cynthia Stevens, scribe.

A calendar of the year's activities was presented. The group decided to maintain the Parent Teacher nursery once a month.

Next meet was to be a hike to the West Hamlin Lake on October 9. A trail-side lunch was to feature the hike, being a requirement for the Trail Seekers rank.

Girls of the O-Ki-Hi group are Kay Hodnett, Jeanette Goolbsy, Janice McCracken, Jan Albritton, Linda Legan, Dana Carmichael, Cynthia Stevens, Jane Ferguson, Glenda Spe Hudspeth, Juha Robb, Pamela Austin, Joannie Harbert, Sherilyn Witt, Judy Jenkins, Quila Kelly, Margie Young, Heler Hastings and Erma Hines.

The guardians are Mrs. Joe Hudspeth, Mrs. F. C. Legan and Mrs. John D. Ferguson. Sponsors are Mrs. Bill Harbert and Mrs. S. A. Carmichael.

Xi Gamma Phi Meets In E. D. Perrin Home

Members of Xi Gamma Phi Sorority met last Thursday in the home of Mrs. E. D. Perrin.

Mrs. Holly Toler gave an interesting program on the sense of touch. Mrs. Arlie Cassle gave a report from the Woman's Forum meeting.

Refreshments were served to the following: Mmes. Weldon Carlton, John C. Bryant, George Poe, Weldon Griggs, M. L. Smith, Arlie Cassle, Gerald Young, Earl Smith, M. T. Johnson, Bill Feagan, Jerry

CONFUSING.

Dana—"Why is your car painted red on one side and green on the other?"

Rickey—"It helps when I bump into someone's fender. You should hear the witnesses contradict each other!"

Look for our Saturday specials. —McMahon Jewelry Company, 1c

Waggoner, E. J. Hawkins, Holly Toler and the hostess.

Next meeting of the group will be October 23 in the home of Mrs. Weldon Carlton.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—Into and out of the state Supreme Court flow many of the most controversial issues of the day. Public officials, large corporations and important persons often are involved in the cases, and the lives of many less celebrated persons frequently are affected by the decisions.

After a two-month summer recess the high court reconvened this month and waded into a stack of disputes. Among interesting cases either decided or due to be decided are these:

Water rights are involved in a case filed by Southern Canal

Safe Car Driving Is Personal, Expert Advises Students

Safe driving must be made a personal habit of every motorist if the slaughter on America's highways is to be curbed, Vernon Gayle, safety director of the Texas Farm Bureau safety department, declared this week as he spoke prior to conducting driving tests at Hamlin High School.

"Excessive speed is the greatest single cause of automobile accidents," Gayle said. In the demonstration which followed he pointed out the conditions under which even 20, 30 or 40 miles per hour can be excessive. Gayle added: "When drivers know the true facts and base their driving on those facts, highway accidents will drop sharply."

Students and teachers took part in the tests which were conducted in a specially equipped car. The test driver was signalled to stop by an electrically controlled detonator. As the shell was fired, the street was marked with yellow paint. A second bullet was fired as brakes were applied, and a third after the car came to a complete stop. Distances between the spots were carefully measured to determine in feet and inches how far the car traveled before the driver applied the brakes, or the reaction distance, and how far it traveled after the brakes were applied, or the braking distance.

Gayle emphasized the fact that a driver who observes the speed laws carefully is not a safe driver if he neglects many other items such as proper signalling for turns, approaching an intersection in the proper lane for a turn, the proper way to turn around, and many other things which he demonstrated in the test car.

The safety demonstration was brought to Hamlin High School under the sponsorship of the Jones County Farm Bureau, and is part of a long range program of traffic safety now being conducted by the Texas Farm Bureau safety department.

Company of Houston against the State Water Board. Southern Canal wanted a permit to take 280,110 acre feet of water per year from the Trinity River for industrial use in the Houston area. The water board refused the request, and the company appealed to the courts.

Upstream cities such as Dallas and Fort Worth had opposed the Houston company's request when it was before the board. Oral arguments were centered on whether the courts have the right to review water board decisions. Supreme Court's ruling will have implications for every person interested in the course of Texas' water development.

Keeping roomers and setting up a church in a residential area were the cause of contention in two cases from Houston. In both cases certain property owners in university neighborhoods argued that other property owners were violating deed restrictions.

Lower courts ruled in favor of the room renters and church builders. Supreme Court agreed to review the roomers' case and denied a motion to force the lower court judge to move the student religious center.

Office seekers had their inning in the usual contests arising out of the year's elections. George Parr, a familiar figure in the courts, won the right to a new trial in his effort to be certified winner in a 1956 election for Duval County sheriff.

Laredo attorney William Wright lost out in an attempt to force Secretary of State Zollicoffer to place his name on the general election ballot as a Constitution party candidate for district judge. Steakley had refused on grounds Wright voted in the Democratic primary.

Myron Love, choice of Houston liberals, won out in a dispute over the legality of his selection as Democratic nominee for district judge. Harris County executive committee had ruled that no candidate filed in time for this office, and Love was nominated by the one-man district executive committee. Conservative forces had contested this method.

Damage suits, labor and management controversy also commanded judicial attention. A gas explosion in the basement of Dallas Baker Hotel back in 1946 is the basis for one suit in which 83 petitioners ask some \$1,000,000 for deaths and injuries. High court sent it back to district court for new trial.

In Houston 311 workers of the AFL-CIO office employees union picketed a construction project to protest the firing of one man. A lower court granted an injunction against the picketers, and the Supreme Court refused to interfere.

Better Traveling Ahead.—Holding promise of better traveling days ahead is the 1961-62 interstate advance planning program announced by the State Highway Commission.

Commission authorized the preliminary engineering studies for 285 miles of new interstate highways, consisting of 45 projects in 22 counties. Included in the advance planning will be completion of the gaps in the interstate highways between Dallas and Houston, Dallas and Texarkana and from Denton to Fort Worth to Hillsboro.

Cost of the program is foreseen as \$36,500,000 for land purchases and \$166,500,000 for construction.

Water Safety Law Due.—Some 280,000 Texas boat owners will have to obtain licenses for their craft if a proposed uniform water safety act is enacted by the 1959 Legislature.

Representatives of sportsmen's organizations, trade associations and safety groups drafted the measure.

The State Highway Department would have responsibility for registering boats. Enforcement of safety regulations would be the job of the state's various peace officers and game wardens.

Zoning—the restriction of skiing, racing, fishing, etc. to various areas—was omitted from the bill.

Republicans Jockey for Position.—Texas Republicans got no help from Secretary of State Steakley in their efforts to break

KERRY DRAKE

into the first column on the general election ballot.

In the past the secretary of state's office has sent out the list of certified nominees to counties, with the Democrats listed in the first column. GOP protested, demanding a drawing for position.

Steakley said he was not authorized to set up such a procedure. His office mailed out ballot forms this year without comment. Democrats were in the first column on the forms.

Short Shorts.—An Austin district court ordered forfeiture of charter of Walker-Texas Investment Corporation which had refused to allow the attorney general's staff to inspect its records. Walker-Texas operates five loan firms in Houston. . . . Fall picked up in Texas business activity may gather momentum, develop into a

"decisive break-through," says the University of Texas Bureau of Business Research. Optimists see complete recovery from the recession by the end of 1959; pessimists, later in 1960. . . . State Board of Health has upped standards on fire prevention measures and space requirements for state licensed nursing homes. There are 560 such homes in Texas. The board must approve all plans for new homes or remodeling. . . . W. E. (Bill) Arpe of Weslaco was cited by Governor Price Daniel as Handicapped Man of the Year in a program sponsored by the Texas Committee of Employment of the Physically Handicapped. Arpe, whose hands are paralyzed; teaches radio and television repair to other handicapped men. . . . Texas Rangers will be honored at a \$50-a-plate dinner to be given in Fort Worth's Radglen

Country Club to climax Law Enforcement Week. Texas Law Enforcement Foundation is spearheading arrangements. . . . Texas Highway Department is experimenting in the use of lignite slag as a road surfacing material. Slag is very hard and has an uneven surface to hold down skidding. Lignite, a very soft coal, is plentiful in Texas, and slag is what's left after the lignite is burned. . . . Attorney General Will Wilson has ruled the Water Development Board can grant money for constructing a water filtration plant when the plant is an integral part of the district's water project. But no loans for water filtration alone.

IS "IRON-HUNGRY BLOOD" MAKING YOU ONLY "HALF" A WOMAN?

Then Discover This Wonderful Blood-Strengthening Action of This Iron Tonic Compound Especially For Women!

Feel so tired, so run-down you can't be a real companion? Luckily, it's often due to "Iron-Hungry Blood" (simple iron deficiency anemia). Then it's needless to suffer such awful weariness.

Take Lydia E. Pinkham's Tablets, only iron tonic made especially for women! Rich in iron, Pinkham's Tablets start to strengthen "Iron-Hungry Blood" in one day!

Thus quickly help build rich, red blood... to restore strength and energy so you feel fine again fast!

If "Iron-Hungry Blood" has left you weak and run-down—only "half" a woman—get Pinkham's Tablets. See if you don't soon feel "all" woman again!

FOR FEMALE AILMENTS! Lydia E. Pinkham's Vegetable Compound (liquid) also brings quick relief from discomforts of monthly pain, change-of-life.

Hamlin Hosts Haskell Squad Friday in First District Game

Indians Doped to Take Game, But Pipers Not Sure

After six weeks and playing around with non-conference grid foes, Hamlin High School's Pied Pipers get down to real business Friday night with their opening District 6-AA football game. The tilt will be played on the home grid, with the high flying Haskell High School Indians furnishing the opposition.

Haskell, with three victories, one tie and two losses hanging from their belts, is being picked a slight favorite by dopsters to take the game. However, Coaches D. C. Andrews and Jimmy Vaughn are giving no quarters for their charges and declare the visitors will know they have been to a ball game before the fracas is over.

The Pied Pipers enter the fray with a record of four wins and two losses. However, Hamlin's opponents are recognized as not as tough as those on the Indian pre-season slate.

A big delegation of fans is expected to follow the Indian team to this first conference game Friday night. Elaborate between-halves ceremonies by bands and Pep Squads from both schools are

DISTRICT 6-AA STANDINGS

District 6-AA football teams broke even last week-end in their games with non-conference foes, winning two and losing two encounters, as Seymour was idle. The standings look like this:

Teams—	P.	W.	L.	T.	Pct.
Stamford	6	5	1	0	.833
Hamlin	6	4	2	0	.666
Haskell	6	3	2	1	.583
Seymour	5	2	3	0	.400
Anson	6	0	5	1	.083

Results Last Week.

Cisco 22, Haskell 8.
Stamford 35, Graham 0.
Hamlin 26, Childress 12.
Albany 51, Anson 6.

Where They Play Friday.

Anson at Seymour.
Haskell at Hamlin.
Stamford—Open.

Mighty Mice Drop to Third Place in Junior High Loop Standings

Hamlin Junior High School's Mighty Mice dropped to third place in Junior High School Conference last week. The standings look like this:

Teams—	P.	W.	L.	T.	Pct.
Albany	3	1	0	0	1.000
Anson	2	1	1	0	.500
Hamlin	3	1	2	0	.333
Merkel	2	0	2	0	.000

Results, October 7.

Albany 44, Anson 8.
Hamlin 26, Haskell 6.
Merkel—Open date.
Games for October 14.
Anson at Merkel.
Eastland at Albany.
Hamlin—Open date.

scheduled to add spice and color to the annual meeting of representatives from the two schools.

Pipers Come from Behind to Bump Childress 26 to 12

After letting the Childress High School Bobcats get off to a six-point lead in the first quarter, Hamlin High School's Pied Pipers came back fast and strong to take a 26 to 12 decision in the last non-conference game of the season played Friday night at Childress.

Childress scored in the first quarter when Quarterback Fred Cawthon passed to End Jimmy Holeman for 43 yards, and then Halfback Ray Kelly went over for the score.

In the second period Hamlin Halfback John Richey went around left end for five yards for a touchdown.

A few minutes later Richey intercepted a pass on the Childress 32-yard line. He score from the one-yard spot and then ran over the extra two points.

Hamlin Halfback Robert Brandon took a hand-off and went around right end for 27 yards and the third marker. The score was 20 to 6 at half-time.

In the third period Cawthon marked up another touchdown for Childress as he went over from the one-yard location.

Hamlin scored again in the fourth quarter on a three-pass attack featuring Gene Murff and Richey. Richey took the last toss on the eight and went over.

B String Defeats Anson Crew 18 to 8 In Thursday Tilt

Coach Neil Laminack's Hamlin High School B squad proved they still have vim and vigor last Thursday night by touncing the Anson B stringers 18 to 8.

Hamlin kicked off to Anson and during the first quarter the ball bounced back and forth from team to team. Early in the second quarter David Bonds took a blocked punt and ran the ball to the 10-yard line. Frankie Lee then went over for the first Hamlin touchdown. The extra point try failed.

Hamlin kicked off to Anson and after about 10 minutes Frankie Lee intercepted a pass and ran 40 yards for a marker. The extra point try failed again.

Hamlin again kicked off and Anson's offense ran the ball back to the 10-yard spot, when Lonnie Adams loped over for the only Anson touchdown. The extra point play was good.

In the third period the teams saw-sawed up and down the field but no marks were made.

Early in the fourth period, McCandless ran the ball over for the final Hamlin tally, and the extra point play bogged down.

We have never been able to figure out the attraction which draws some couples together.

Mighty Mice Romp To 26 to 0 Victory Over Haskell Juniors

Coach Harry Martin's Junior High School Mighty Mice turned on their offense to take a 20 to 0 half-time lead over the visiting Haskell juniors, then went on to tally again to make the final score 26 to 0 in their tilt played at Peid Piper stadium last Tuesday night.

Raymond Renfro intercepted a Haskell pass that went astray in the third quarter to boost the score to 26 to 0. Haskell staged a fourth period drive against the Mice reserves for their only tally of the night.

Scoring for Hamlin were Larry Blackwell (two) and Danny Niederken.

The Hamlin line played their best game of the season. Outstanding linemen were Barry Moore, Mark Smith, Larry Stephens and Dennis Kelley.

Junior High School Gridders Host Crucial Albany Tilt Tuesday

Hamlin Junior High School's Mighty Mice gridders entertain the Albany Cubs here Tuesday evening at 7:00 o'clock.

Albany brings one of the most outstanding junior teams in this area. Albany defeated Eastland 30 to 0, Hamlin 44 to 0, Merkel 36 to 0, and Anson 44 to 8 to remain undefeated and untested.

Albany has a power-packed backfield with Fullback Bill Stapp (160), Johnnie Woodward (141), Sherman Thompson (140), and Gary Hise (106).

Stand-in to Go to Prison Rodeo for Actor Ward Bond

The old saying, "The show must go on," was never truer than when Robert Horton, co-star of the popular TV series, "Wagon Train," agreed to replace Actor Ward Bond at the October 19 performance of the twenty-seventh annual Texas Prison Rodeo at Huntsville.

Bond was forced to cancel his scheduled personal appearance on the advice of his physician, who declared, "Under no circumstances can I permit Bond to travel to Huntsville."

When Horton, who plays the role of Flint McCullough, scout of the television series, heard of the cancellation, he readily informed prison officials, "I'll be happy to appear at the rodeo to help this worthy cause, which in turn aids the inmates' welfare program."

Horton is rated as one of the most versatile actors in Hollywood today.

Your friend is the man who knows all about you and still likes you.—Elbert Hubbard.

Look for our Saturday specials.—McMahon Jewelry Company, 1c

Hamlin will counter with Van Newberry (107), Dan Newberry (108), Larry Blackwell (115), and Mike Martin (90).

Hamlin has won two and lost two, defeating Merkel 48 to 0 and Haskell 26 to 6, while losing to Albany 44 to 0 and Anson 18 to 6.

District 6-AA Grid Teams Break Even In Football Games of Last Week-End

Grid teams of the District 6-AA day fared only fairly well last week-end as they wound up the non-conference play for the season for all but one encounter of Seymour at Nocona. Stamford and Hamlin won their games, while Haskell and Anson dropped their encounters. Seymour was idle.

The Cisco Lobos won their fifth straight game of the year by touncing the Haskell Indians 22 to 8 in a tilt played at Cisco. Cisco rolled up 17 first downs to nine for Haskell, and made 292 yards rushing to only 117 for the Indians. However, Haskell made 88 yards on six of 17 pass tries while Cisco gained only three on one of seven aeriels. Scoring for Cisco were Hale Duane (two) and Randall Hess. Accounting for the Haskell marker was Eugene Mullins, making a 57-yard dash over right tackle.

The Class A Albany Lions continued their undefeated record Friday night at the Jones County seat by bumping the Anson High School Tigers 51 to 6. Albany rolled up 407 yards total offense against the Anson crew, making 15 first downs to eight for the Tigers. Albany made 23 points in the first quarter, 14 in the second and 14 in the third. Anson made its lone marker in the final period. The victory over Anson gave the Lions six victories in a row for the season. Anson has lost five and tied one.

In their 26 to 12 defeat of the Childress Bobcats Friday night at Childress, the Hamlin Pied Pipers showed renewed fight and stamina. Hamlin made 15 first downs to 12 for Childress, rolling up 289 yards on the ground and 62 yards in the air to 128 yards on the ground and 97 yards passing for the Bobcats. The Pied Pipers were penalized 10 times for a total of 110 yards during the tilt.

Stamford's Bulldogs continued to flex their muscles and brawn by romping over the Graham High School Steers 35 to 0 Friday night on the Stamford field. Stamford made 15 first downs to only six for the visitors, and racked up 175 yards on the ground to 57 for the Steers. However, Graham made 102 yards by completing seven of 14 passes, while Stamford connected on seven of 18 aeriels for 197 yards. Scoring for Stamford were Duane Lindsey (two), Ronnie Weeks, Tab Bunkley (two).

The Class A Albany Lions continued their undefeated record Friday night at the Jones County seat by bumping the Anson High School Tigers 51 to 6. Albany rolled up 407 yards total offense against the Anson crew, making 15 first downs to eight for the Tigers. Albany made 23 points in the first quarter, 14 in the second and 14 in the third. Anson made its lone marker in the final period. The victory over Anson gave the Lions six victories in a row for the season. Anson has lost five and tied one.

In their 26 to 12 defeat of the Childress Bobcats Friday night at Childress, the Hamlin Pied Pipers showed renewed fight and stamina. Hamlin made 15 first downs to 12 for Childress, rolling up 289 yards on the ground and 62 yards in the air to 128 yards on the ground and 97 yards passing for the Bobcats. The Pied Pipers were penalized 10 times for a total of 110 yards during the tilt.

WANT ADS
are Quick!

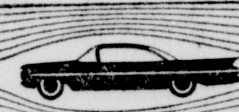

Now... all America sees the one that's truly new!

Like all '59 Chevrolets, the Impala Sport Sedan has Safety Plate Glass all around.

'59 CHEVROLET

what America wants, America gets in a Chevy!

CHEVROLET

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings even more poise and proportion to automobile styling. Inside the new and room-

ier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide*. A new Hi-Thrift 6 that

goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

HAMLIN

Final Rites Held Wednesday for Matthew T. Brown

Funeral services for Matthew T. Brown, 61-year-old former section foreman of the Santa Fe Railway System, were conducted last Wednesday afternoon at the First Baptist Church at Benjamin. Officiating was Rev. K. E. Woolley of Benjamin, former pastor of Plainview Baptist Church, southeast of Hamlin.

Burial was in the Benjamin Cemetery under the direction of Hamlin Funeral Home.

Brown died last Monday evening in a Temple hospital, where he had been for three months. He had been ill for several months.

Born in Mississippi on April 2, 1897, Brown was the son of Mr. and Mrs. Samuel Brown. He moved with the family to East Texas early in the century. He married the former Nellie Gray in 1922 in Henderson County. He had been a section foreman on the Santa Fe Railway at Benjamin, Haskell County. He was a member of the First Baptist Church at Benjamin. Mr. and Mrs. Brown had been residents of Hamlin for about five months.

Surviving the deceased are the widow, Mrs. Nellie Brown of Hamlin; two sons, Travis Ray Brown of El Paso and Maurice Brown of El Paso; two daughters, Mrs. Fred Stewart of Chattanooga, Tennessee, Rebecca Ann Brown of Hamlin; one brother, Lonnie Brown of Gallup, New Mexico; three sisters, Mrs. N. N. Glass and Mrs. Alice Kunkel of Waco and Ethel Brown of Dallas; and 10 grandchildren.

Milk Producers Get \$5.66 for September

Producers delivering milk to handlers regulated by the Central West Texas federal order will receive a minimum price of \$5.66 per 100 for four per cent milk during September, 1958, according to an announcement by Byford W. Bain.

The September, 1958, minimum uniform price is 22 cents higher than the price computed for August but is 19 cents per 100 less than the average price received for four per cent milk during September, 1957.

RECENTLY NAMED Texas state chairman for the 1959 March of Dimes was Gordon McLendon of Dallas (above), according to Basil O'Connor, president of the newly expanded national foundation.

Funeral Services For Be F. Kemp, 86, Slated Thursday

Final rites for Ben F. Kemp, 86-year-old retired farmer of the McCauley community, are scheduled this (Thursday) afternoon at 2:00 o'clock at the McCauley Baptist Church. Rev. Gene Y. Brock, pastor, and Rev. L. R. Stuckee of Hermleigh, will officiate.

The octogenarian, who had lived in the McCauley section for 54 years, died Tuesday night at the family home there after an illness of about a month and a half.

Born January 2, 1872, in Bell County, Texas, the pioneer was the son of Mr. and Mrs. Zack Kemp. He came to this section in 1904. He married the former Beatrice Colwell on September 7, 1898, at Roby. The couple had been married 60 years on September 7 of this year.

The pioneer is survived by his widow; nine sons, Ralph Kemp of Portales, New Mexico, Clyde Kemp of Post, Raymond Kemp of Sylvester, Frazier Kemp of Chinle, Arizona, Warren Kemp of Hamlin, Rex Kemp of Roby, Fred and Frank Kemp of McCauley, and Guy Kemp of Sylvester; three daughters, Mrs. Ruth Chance of Lubbock and Mrs. Nita Lee of Ponder; one sister, Mrs. Jim Middleton of Lubbock; 14 grandchildren and four great-grandchildren.

New Fords for 1959 Featuring Many Modern Stylings

The 1959 Ford car line, which already has received an award at the Brussels World's Fair for styling elegance, will go on display at Hamlin Motor Company and other Ford dealerships over the country tomorrow (Friday). J. O. Wright, Ford Motor Company vice president and Ford division general manager, announced today.

"The 1959 Ford car is new in concept and new in style," Mr. Wright said. "The 1959 styling theme is good taste, a result of consumer demand for more elegance and dignity in automotive styling as opposed to gaudiness or extremism," he added.

In addition to Ford engines that have been engineered for greater fuel economy, Ford offers quality designed construction and a new, lighter Fordomatic transmission with 105 fewer parts than in 1958, Wright said.

"Every piece of body sheet metal in the 1959 Ford has been changed to reflect the good taste of the Thunderbird—America's most successfully styled car. The Thunderbird's crisp, taut lines have given the Ford a formal quality and the impression of a bigger, heavier car without the addition of bulk," Wright added.

Ford's 1959 styling earned the plaudits of the noted fashion authority, the Comité Français de l'Elegance, which, for the first time in history, bestowed a gold medal for styling on an American automobile at the close of the Brussels World's Fair.

The 1959 Ford engines offer greater operating economy and improved engine performance in the normal driving ranges, 30 to 70 miles per hour. Ford recommends regular grade gasoline in all standard engines, which can result in a saving of up to \$1 a tankful. These benefits have been achieved in part by a slight horsepower reduction.

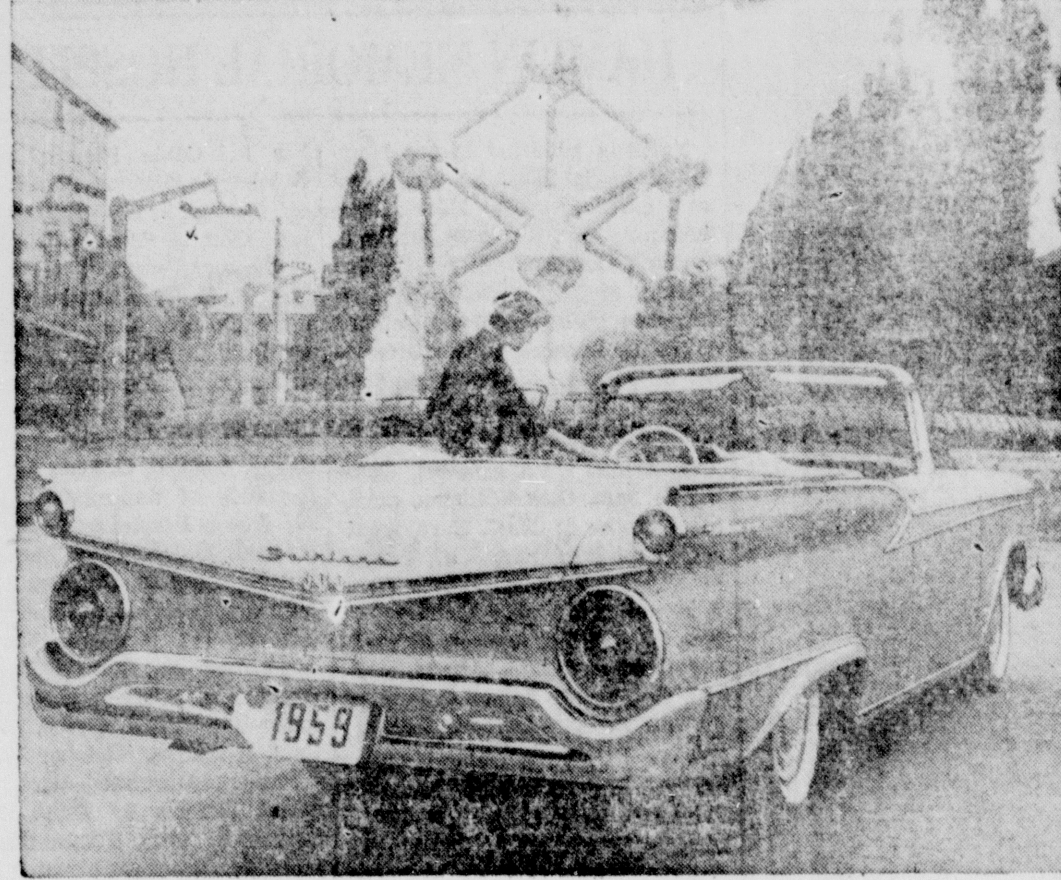

State Fair to Climax Exposition This Week

The great 1958 exposition of the State Fair of Texas will wind up this week-end with a full program of exciting events. Scores of Hamlin area people have been among attendants.

The livestock calendar is crowded, with the junior livestock auction of steers, lambs and barrows Friday and Saturday mornings and judging of Palomino and shetland pony performance classes scheduled Friday, Saturday and Sunday.

A gridiron highlight Saturday night will be the important Southwest Conference football game in the Cotton Bowl between Southern Methodist University and Rice Institute.

VISIT AT BIG LAKE. Mr. and Mrs. O. L. Chorn spent the week-end at Big Lake visiting with their children.

SHOWN IN A PICTURESQUE Brussels World's Fair setting is a 1959 Ford Sunliner convertible. Ford offers two convertibles in 1959: The soft-top Sunliner and the retractable hard-top Skyliner. Ford's tasteful styling theme in 1959 is a result of consumer demand for more elegance and dignity, as opposed to gaudiness or extremism. In the background is the Atomium, prominent landmark at the Brussels world's fair.

Study Hall Students Getting Report Cards

Study hall students at Hamlin High School were this week surprised to learn that this year they will be given study hall report cards.

The cards are blue instead of the usual white, and have only three grades: E—excellent, S—satisfactory, and U—unsatisfactory. Each student is graded in five areas, however: Citizenship, uses time well, accepts authority, respects others, and observes rules.

Reports are designed to help the parent know something of how his son or daughter spends his study period, as well as something about his attitudes, it is explained by Principal B. V. Newberry.

Of all the reactions to this innovation perhaps the most amusing was "Do we get credits in this?" it is reported.

Look for our Saturday specials. —McMahon Jewelry Company, 1c

"Unloaded" Gun in Home Responsible for Most Firearm Deaths

It is not necessarily the itchy-fingered hunter in the field who mistakenly kills someone. The "unloaded" gun in the home is an even more dangerous killer, according to a report from the Texas Safety Association to The Herald.

In Texas, for example, almost half of the accidental firearm fatalities occur in the home. Most recent figures reveal that of 168

total firearms fatalities, 62 happened in the home, while only 11 were hunting accident victims.

For increased safety, TSA recommends that all guns be treated as though they were loaded—until it is proved that they are not; never aim in the direction of another person; put firearms away unloaded and dismantled. Lock ammunition in a chest or other safe place—especially if there are small children in the home.

When you need a rubber stamp call The Herald. Phone 241.

AUTOMATICALLY DISTRIBUTES DETERGENT,
bleach, rinse-conditioner or even dye safely from inside the agitator!

TERMS AS LOW AS \$289 PER WEEK

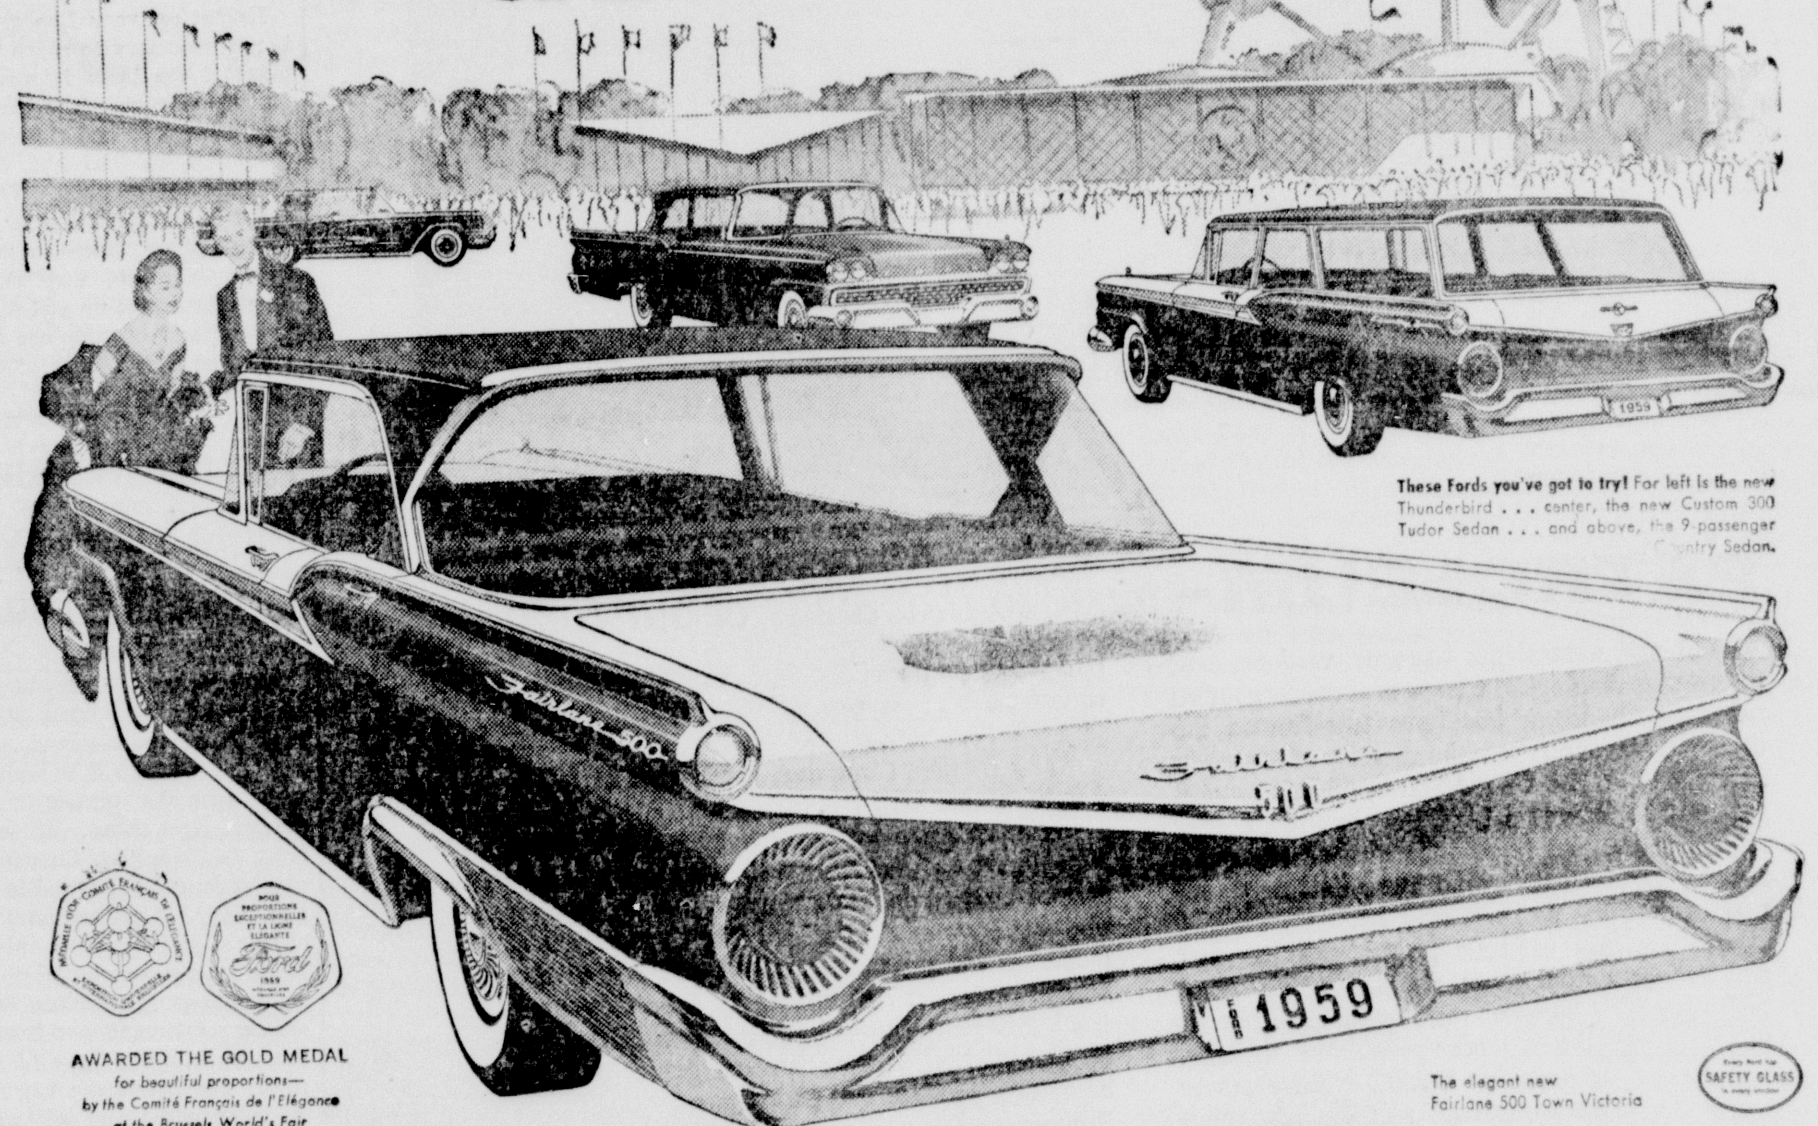

FIRST AGAIN! Frigidaire Washers proved best by UNITED STATES TESTING CO., INC. in exhaustive tests for cleanest clothes or washability, driest spin; least lint formation and best lint removal; and for best automatic care of Wash & Wear made fabrics.

Based on identical tests, under controlled laboratory conditions, of 6 leading automatic washers including 3 with special Wash & Wear cycle. Reports No. 40996 and 40996-A, dated May 5 and June 11, 1958.

SO SIMPLE TO OPERATE
Nothing new to learn—just sort the clothes as you always do. Then dial for the kind of load... whites, color, wash 'n' wear, etc... and the amount of soil. Your Frigidaire washer automatically gives you the right wash temperature, rinse temperature, agitator speed and spin speed for a perfect wash for any load.

West Texas Utilities Company

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

AWARDED THE GOLD MEDAL for beautiful proportions—by the Comité Français de l'Elegance at the Brussels World's Fair

Light, powered and priced for today's driving!
There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Elegance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended... new Tyrex cord tires for greater economy and safety... a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever... and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8—at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/3 fewer parts. **NEW economy team Number Two!** Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-gear axle.

Altogether NEW in everything you can see, feel or touch!

New Styling Will Feature Plymouth Models for 1958

New bumper, bumper and hood-to-roof styling, new power plants with unprecedented fuel economy, and a new top-of-the-line series of 130-hp models head the list of innovations for the 1958 Plymouth. The cars go on display in Hamlin and other showrooms today. Displaying the cars are John F. Green, M. J. Company and Prewitt Motors.

The 29 models offered include the new Sport Fury series, which for the first time in the low price field, provides swivel front seats as standard equipment. The swivel seats are optional on four other models.

In addition to the Sport Fury in the revised model line-up, Plymouth also offers the Fury, the Belvedere and the Savoy series. For the first time, Plymouth has two convertibles—one in each of the Sport Fury and the Belvedere line.

The many changes in styling and engineering, and the addition of the new models result from Plymouth's marketing philosophy, according to Harry E. Cheser-Brough, general manager of Plymouth.

"We are convinced that the American economy is at a point where value is the most important single factor in the purchase of a new car," he said. "Everything we have done to our 1958 line of cars reflects this belief."

Among the "value" features are several which contribute to a total of some 10 per cent greater economy of operation. There is a new three-stage carburetor, standard on all V-8s, which with new manifolding reduces gas consumption in the middle speed ranges, where most driving is done. A new rear axle gear ratio of 2.93:1 is available at no extra cost with the torque-flite transmission. Exhaustive tests of cars with this gear

TO BOOST FUND DRIVE—Governor Price Daniel, a sponsor of National Muscular Dystrophy Research Foundation, discusses the forthcoming fund drive with Linda Lou Bozeman, seven, the organization's symbol from Port Neches. Linda Lou will be the rallying point when local chapters and groups campaign for funds this fall to help finance scientific research to find the cause and cure for the disease.

GROUNDING.

Kim—"The horse I was riding wanted to go one way, and I wanted to go another."

Kathy—"Who won?"

Kim—"He tossed me for it."

News is the plural of the word "new." The Greeks word for it was "neos" and it became in Anglo-Saxon "neowe" and later in middle English "news." It is akin to the French "nouvelles."

Get rubber stamps at Herald.

It resulted in gasoline savings as high as six per cent. Oil consumption in the powerflow six engine is reduced with new tappet chamber ball's

In 1957, makers of automotive parts and accessories increased their advertising in newspapers by 141 per cent over the previous year.

Rubber bands at The Herald.

MINDFUL.

"Looks like a smart dog you've got there," remarked a friend. "Smart? All I gotta say is, 'Are you comin' or ain't ya?' and he either comes or he doesn't."

More automotive advertising dollars are invested in newspapers than in any other medium.

Automobiles were offered to consumers "completely equipped" for the first time in 1910.

C. Stinnett, October 12; Mrs. Pearl Wilson, October 11.

LETTER PERFECT.

Jack's memory did not have an enviable reputation. So, one day when he returned home, his mother asked, "Jack, did you post those letters for me?"

"Yes, mother," answered Jack promptly with an air of pride. "But just as I was about to drop them into the mailbox I noticed that you had put the stamps on wrong. The foreign letter had the four-cent stamp and the home letter had the seven-cent stamp. But I fixed it."

"But how did you change the stamps?" asked his mother. "I didn't—all I did was change the addresses."

SOMETHING LIKE THAT.

Dick—"Did the teacher really say your voice was heavenly?" Nick—"Well, she said it was unearthly."

Evangelist Tells Lions Church Has Many Competitors

"We're majoring on minors," declared Dr. Ralph Johnson, evangelist from Jackson, Tennessee, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

He said he had no apologies to make for delivering a message on religious subject before Lions, because many of the principles of all civic clubs are drawn from a religious background.

The evangelist pointed out that the church today provides little competition for other activities. "Used to," he said, "other activities were arranged not to interfere with the church's services, but nowadays many people only go to church when it is convenient and does not interfere with their radio and TV programs, parties and numerous forms of entertainment."

"If you can eat it, drink it or ride in it, things of the world are interesting to people. But, if you have to think it or live it, many of the people are not interested." Dr. Johnson prefaced his talk and recitation of the poem, "The Pioneer," with a musical number, "Somebody Bigger Than You and I." He was accompanied by Roberta Hall, member of his evangelistic team, who also rendered two piano numbers. The team is engaged in a revival meeting at the Faith Methodist Church.

Besides the evangelists, other guests at the Tuesday luncheon included C. C. Sheffield of Rotan, Gary Howard and J. B. Jayroe of Hamlin.

Preliminary plans for staging the annual broom sale by Lions Club members were set for next Tuesday.

Seventh Graders Beat Anson Gridders 28-6

Hamlin Junior High School seventh grade gridders showed a well balanced running attack Thursday night in outscoring the Anson seventh grade Cubs by a 28 to 6 count.

Scoring for Hamlin were Larry Butler, Dwane Bundas, Gary Ted Jay and Speck Cox. Speck plunged for two conversions also.

Outstanding linemen were Nick Moore, Charles Siburt, Cleon Warner, Jaylon Fincannon and Ronnie Teichelman.

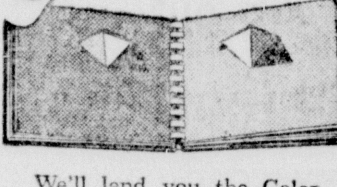

The seventh graders go to Haskell for a return game Monday afternoon at 4:00 o'clock. The first game at Hamlin ended in an 8 to 8 tie.

More people travel by automobile than all other means of transportation combined.

Frequent Mowing of Lawn Necessary for Attractive Appearance

Mowing a lawn is not always fun—it is necessary.

"Frequent mowing is required if the lawn is to present an attractive appearance," says Kirby Clayton, county agent. When the grass is allowed to grow long enough that clippings are three to four inches long, the grass plant suffers a severe shock from the mowing process and several days may be needed for the plant to recover.

Clayton recommends that lawns be cut often, and that only three-fourths to one inch of leaf tip be removed at one mowing. This may require two to three mowings per week during the periods when the grass is making its most rapid growth. He also points out that too much growth between cuttings often results in a brown appearance after the grass has been cut.

Except on very fine grasses it is not necessary to catch the clippings if the lawn is mowed frequently enough. The leaves contain plant food and clippings from them left on the lawn will help to maintain fertility. When the grass is allowed to grow so long that clippings present an unattractive appearance, they should be caught or swept up and discarded. A thick mat of clippings covering grass for a few days often damages the plants.

Picture Making in India Not Easy But Is Worth Trouble

Motion picture production in India today is no light undertaking. It seems, however, to some foreign producers to be well worth while once the hurdles of official permits are taken. A case in point is Twentieth Century-Fox's new release, "Harry Black and the Tiger," the first major film produced in India since this country's independence.

Conditions for filming in India are very different now from what they were in the days of British rule. The new India has become an independent and self-confident nation. With so many restrictions on imports into India today any film producer working there must depend on the good will of film studios and on the equipment available in the country. Chief reason for all this "red tape" is that India is determined that no foreign film shall give a wrong impression of Indian life under the new regime.

In the case of "Harry Black and the Tiger" the film unit had one overwhelming advantage. Its producer, John Brabourne, bears a name well known and loved in India ever since his father was governor of Bombay and later of Bengal. The producer, therefore, found all doors open to him and production paths were extremely smoothed.

"Harry Black and the Tiger" will show Sunday, Monday and Tuesday at the Ferguson Theater.

Bobby Gene Frank Now Managing Store

Bobby Gene Frank, formerly of Hamlin, has recently been transferred from Waco to San Angelo, where he has been made manager of the Thom McAnn shoe store. He started working for the firm in Waco after being discharged from the Army last January.

Bobby, son of Mr. and Mrs. T. W. (Mickey) McGuire of Hamlin, graduated from Hamlin High School and served two years in the Army. His wife is the former Margaret Joyce Wilson, daughter of Mr. and Mrs. J. L. Wilson, formerly of Hamlin but now of Abilene. They have one daughter,

Area People Go to Birthday Celebration

Several Hamlin area relatives were among attendants at the eighty-third birthday celebration of their mother and grandmother, Mrs. J. N. Steele, at Fort Worth Sunday.

More than 60 people were present for the celebration at the home of the pioneer.

Area attendants included Mrs. Etta Bond, Mr. and Mrs. Virgil Steel and Gene Steele of Hardin-Simmons University, Mr. and Mrs. John Harold Steele, Marsha and John Allan.

Sherry Renee, who is two years old.

PETROLEUM—basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers... Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, available for production beyond immediate need, are necessary to the national security.

An obvious example is the gasoline that powers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, the jet or propeller driven, factory power, farm mechanization, and the revolution in home heating devices.

It is the energy that moves the trucks, ships and tanks of our Armed Forces. Petroleum as a source of energy is only part of the story. In the past two decades, the chemicals have supplied the country with a new industry: already most of our plastics are made from petrochemicals... the synthetic plastics derive from petroleum products... paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern living.

Thus, oil's progress has made other progress possible all along the front of American industry... Petroleum is the American resource that is

basic to the needs of our time... that is essential to our national security.

The Humble Company, established in 1917, has developed with the industry.

Humble's exploration activities extend from Florida around the rim of the country to California, Oregon and Washington, and beyond to the new State of Alaska... The Company is a leader in the production of oil and gas in the United States... Humble Pipe Line Company is a public carrier transporting not only Humble's oil but that of many other companies and independent producers to Gulf Coast terminals... Baytown refinery is one of the nation's great manufacturing plants... And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations.

The Humble Company believes strongly in research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity... Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.

HUMBLE OIL & REFINING CO.

This Is Oil Progress Week,
